# EXECUTIVE CHAIRMAN'S STATEMENT

#### Dear Shareholders,

On behalf of the Board of Directors, I am pleased to present the Annual Report of Impiana Hotels Berhad ("Impiana"). This report provides an overview of the Group during the last 12 months and touches on the prospect that lies ahead of us. Impiana is an investment holding company involved in the management, operations, ownership and development of hotels and resorts through its subsidiaries, Impiana Hotels & Resorts Management Sdn Bhd (IHRM), Impiana Ipoh Sdn Bhd (IIHB), Astaka Mekar Sdn Bhd (AMSB), Impiana Cherating Sdn Bhd (ICSB), Impiana Pangkor Sdn Bhd (IPSB) and Impiana Tioman Villas & Residences Sdn Bhd (ITVR).

#### **Financial Performance**

For FPE 2021, we witnessed the global efforts to tackle Covid-19 in earnest as the world slowly but surely understands and grapples with the pandemic better as it wades through this event which acts as a sombre reminder as to things that could hit humanity without warning. As the world pushes through this whole period amidst the tragic losses to life and livelihood, the Financial Year has really hit tourism and hospitality to the very core, especially in the earlier part of the year there seems to be little to look forward to but it seems that towards the middle of the year things looked brighter as vaccination numbers across the globe rose exponentially. And furthermore, we are cautiously optimistic that this will enhance and improve all the economic and business elements that have thus far been severely impacted for the past one and a half years.

After the last financial year where the Group had taken into account the impairment of goodwill that was the major cause of its loss, this financial year management has focused on driving the operational expenditure down, whilst 'sweating' its current assets and monetising its landbank. Namely, the development and property sales of Impiana Cherating and the strategic partnership between Impiana and Selo International for the development of exclusive high-end resort style properties on the Tioman island. Nonetheless, there was a decrease in the other segments under the Group, being Hotel Operations and Hotel Management. Overall, there was a positive improvement in the year-on-year financial results of the Group, resulting in FYE2021, the Group recording a loss of RM10.73 million as compared to a loss of RM62.37 million for FPE 2020 (18 months).

For Impiana, the whole pandemic episode has given the Group a reinvigorated outlook and innovative new perspective as to how we can turn our business model to remain at the forefront of the travel, tourism and property development industry even though it has been one of the most severely affected.

#### **Outlook**

As the world at large is slowly taking stock of what has happened and accepted the fact that Covid is here to stay, the tourism and hospitality business has also seen some light at the end of what had been quite a lengthy tunnel. At Impiana, it seems that there were many lessons learnt during this period, and thankfully with the experience we had gathered in somewhat an unprecedented situation, we are able to pick up where we left off albeit at a more cautious pace. We are also working hard to diversify our source of revenue leveraging on our hospitality and development experience. The Quarantine business at Impiana Hotel KLCC continued at an average rate of 70% with Impiana Hotel Ipoh and Impiana Hotel Senai opening at limited times in compliance with the MCO rulings. For the rest of the hospitality asset 2020/21 has seen no movement up until the period ending June 2021.

Amidst all these, we can see that the Group, in diversifying its business portfolio to include the hospitality and resort development has seen some positive progression in the form of the re-commencement of Phase 1 for Cherating and the Tioman island strategic partnership with Selo International. This approach is more towards a specific clientele of bringing the Impiana resort experience that we are well known in Indonesia and Thailand to Malaysian shores as one of the first move towards our new approach and putting ourselves into a state of readiness to do business post-covid.

Thankfully we have also been getting news that the Indonesian and Thailand Governments are looking at opening their resort islands sometime in the last quarter of 2021. We have gathered quite a lot of experience during the Covid period and getting involved in the quarantine business has given us a platform to approach a post-covid environment better prepared for our future guests. We are still very cautious for 2022 but it seems that there is a slow but firm move towards global and regional travel going back to somewhere it will be towards 2023 and beyond.

To end, my thanks to all the employees of the Group for their commitment, endeavour and service during this very challenging period. And to our shareholders, I would like to offer our utmost gratitude for your continuous support and I look forward to share with you this new journey that the world at large is facing on the aftermath of this unprecedented pandemic and hopefully for a more promising and exciting future ahead of us.

Dato' Seri Ismail @ Farouk bin Abdullah Executive Chairman

# MANAGEMENT DISCUSSION & ANALYSIS

#### 1. FINANCIAL REVIEW

### **Review of Statement of Comprehensive Income**

The summary of the Statement of Comprehensive Income is as follows:

(RM '000)	FYE 2021	FPE 2020 (18 Months)	Variance FYE 2021 vs. FPE 2020
Revenue	19,499	33,818	(42%)
Gross Profit ("GP")	6,193	17,256	(64%)
Gross Profit Margin ("GPM")	31.8	51.0%	
Administrative Expenses	(6,723)	(18,032)	(63%)
Other Cost	(9,938)	(63,164)	(84%)
(Loss) Before Tax ("LBT")	(10,467)	(63,940)	(84%)
(Loss) After Tax from Continued Operations (1) ("LAT")	(10,730)	(62,374)	(83%)

#### Note:

### (1) Attributable to owner of the Company

For FYE 2021, the Group recorded a total revenue of RM19.50 million, lower as compared to FPE 2020 of RM33.81 million which represents a decrease of RM14.31 million or 42%. The decrease included all segments under IHB Group comprising Hotel Operations, Hotel Management and Property Sales. During the FYE 2021, Impiana Cherating Sdn Bhd ("Impiana Cherating"), a wholly-owned subsidiary of the Company undertook the development and property sale of Impiana Resort & Residences Cherating ("IRC") where the property shall be operated by Impiana Cherating as a resort. "Revenue recognised in FYE 2021 is based on the work progress on site.

The GP for the FYE 2021 was RM6.19 million, lower as compared to RM17.26 million recorded in FPE 2020. Covid-19 caused a decrease in revenue in the Hotel Operations and Hotel Management divisions, which resulted in a decrease in GP. Furthermore, due to additional costs incurred from the changes in the development, the GP for Property Sales, particularly Impiana Cherating, has dropped.

For FYE 2021, the Group had an LBT of RM10.47 million, compared to an LBT of RM63.94 million for FPE 2020. A gain of RM1.99 million on the sale of shares from Impiana Tioman Villas & Residences Sdn Bhd ("ITVR") primarily contributed for the decrease in losses. In addition, the RM48.38 million impairment loss on goodwill from the reverse acquisition, RM3.84 million intangible asset write-off, and RM1.90 million in corporate exercise expenses were recognised in FPE 2020.

The Group operates primarily in the hospitality industry whereby its source of income is mainly from the property development, hotel management and hotel businesses. The global disaster known as the Covid-19 pandemic has hit the industry severely and as a result, we were not able to maintain profitability from our business operations and this has resulted in an operating loss from our operating activities of RM0.74 million. Comparing to FYE 2021, the Group's finance cost was RM8.1 million as compared to RM6.2 million in FPE 2020.

### **Review of Statement of Financial Position**

The summary of the Statement of Financial Position is as follows:

(RM '000)	As at 30 Jun 2021	As at 30 June 2020	Variance 30.06.2021 vs. 30.06.2020
Property, Plant and Equipment	71,308	71,615	(1%)
Intangible Assets	6,376	7,091	(10%)
Total Trade Receivables	2,775	19,531	(86%)
Contract Assets	54,736	16,996	>100%
Total Assets	203,929	194,724	5%
Total Trade, Other Payables & Accruals	63,713	46,810	(36%)
Contract Liabilities	1,028	1,065	(3%)
Total Liabilities	162,334	156,685	4%
Shareholders' Equity	41,596	38,039	9%
NA per share (sen) (1)	3.42	4.55	(25%)

#### Note:

The Group total asset increased from RM194.72 million recorded in FPE 2020 to RM203.93 million in FYE 2021 by 5%. The increase was mainly due to recognition of additional contract assets of RM37.74 million. The intangible assets were mainly on the hotel management rights where a subsidiary of the Company has the rights over the management of hotels under the Impiana brand.

On trade receivables, it decreased from RM19.53 million in FPE 2020 to RM2.77 million in FYE 2021 mainly due to the reversal of impairments from amount owing from trade debtors. In addition, contract assets which arose from the IRC project, for work completed on property development, but not yet billed at the reporting date were recognised. The Management is not aware of any possible non-collection from these trade receivables and contract assets.

Total liabilities increased by 4% in FYE 2021, from RM156.69 million to RM162.33 million, compared to FPE 2020.

Overall, the Shareholders' Equity recorded increased to RM41.60 million as compared to RM38.04 million in FPE 2020, an increase of 9%.

<sup>(1)</sup> Based on weighted average number of shares

#### **Review of Statement of Cash Flows**

The summary of the Statement of Cash Flows is as follows:

FYE 2021	FPE 2020 (18 months)	Variance FYE2021 vs. FPE2020
2,351	17,316	> (100.0%)
(1,600)	(29,237)	>100.0%
4,681	11,803	> (100.0%)
5,432	(118)	> 100.0%
(9,293)	(9,176)	(1%)
(3,861)	(9,293)	58%
	2,351 (1,600) 4,681 5,432 (9,293)	(18 months)  2,351 17,316  (1,600) (29,237) 4,681 11,803  5,432 (118)  (9,293) (9,176)

During FYE 2021, the Group recorded a net increase of RM5.4 million in cash and cash equivalents, an increase of more than 100% over FPE 2020.

### 2. BUSINESS OPERATIONS REVIEW

The Group's revenue for FYE 2021 was derived from the hospitality and the property development businesses. The hospitality revenue was derived from Impiana Ipoh Sdn. Bhd. ("IISB"), hotel management revenue from Impiana Hotels & Resorts Management Sdn. Bhd. ("IHRM") and property development revenue was from Impiana Cherating. Please refer to the Outlook in the "Executive Chairman's Statement" section in this Annual Report.

### 3. BUSINESS RISKS OVERVIEW

The performances of the Company and its subsidiaries in the hospitality business are dependent on the following key risk areas:

### (a) Changes in Economic Environment and Natural Disasters

Spending on travel and tourism is discretionary and price sensitive, being affected by factors such as the supply and demand for modes of transportation and accommodation, the rate of growth of economic growth, interest rates, inflation and economic developments affect travel and tourism activities. In addition, the hospitality business is vulnerable to natural disasters such as earthquakes and major floods depending on the location of the Group's assets.

However, the Group manages the above risks by constantly monitoring movements in economy to pre-identify risks to ensure that action plans are devised at an earlier stage to mitigate risk.

FYE 2021 saw the global destruction brought about by the Covid-19 pandemic which not only resulted in human toll but also wreaked havor to the global economy. To minimise the human toll, governments across the globe introduced severe restrictions on movement and business operations. International and even domestic borders were closed and employees were made to work from home. The closure of borders and movement restrictions severely affected most industries. Following airlines, the hospitality industry was one of the worst affected as the demand for business and leisure accommodation disappeared. The gradual relaxation of domestic movement restrictions has somewhat alleviated the situation, but as at time of writing, most international borders remain closed.

While the risk of epidemic or pandemic has always been present, it was considered a relatively remote risk. The Covid-19 pandemic has made it a key risk. The Group manages this risk by identifying and implementing the best "clean and safe" procedures as this is now paramount in the decision-making process of guests. Strict internationally accepted standard operating procedures and best practices have been adopted and are practiced in our owned and managed hotels. These properties are also applying for internationally recognised certifications to provide assurance to guests that our properties are independently certified as "clean and safe".

### (b) Foreign Exchange Risk

The Group has business transactions in foreign currencies in the normal course of its business under its hotel management agreements which are predominantly denominated in currencies of the countries these hotels are operating. Any significant increase in operating country currency may have an adverse effect on its operations.

The foreign exchange risk is partly mitigated as the Group's operating cost incurred are also predominantly paid in the operating country's currency. Nevertheless, the Group constantly monitors movements of the foreign currencies applicable to the business to ensure correct responses are implemented in response to currency rate movements.

### (c) Development Risks

Impiana Cherating is in the midst of developing Impiana Resorts & Residences Cherating which will consist of service residences to be sold and then leased back and operated under the Impiana brand.

The development is subject to the inherent risks in the property development industry, such as completion risk, adverse changes to the demand for investment in hospitality properties, purchaser defaults, risk of increasing labour and raw material costs as well as taxation, legal and environmental framework affecting the property development industry.

### (d) Risks of redevelopment, renovation works and, repair and maintenance of assets

The assets of the Group are required to be up-to-date and in good working condition to ensure smooth running operations. This means that the Group's assets may incur further costs as it may be subject to redevelopments, renovation works and ad hoc maintenance and repairs. These costs usually increase over time.

Due to the inherent nature of these costs, the cashflow and profitability of the Group's business is highly dependent on the ability of the management in determining and managing these costs.

The Group has an experienced finance team with expertise in financial planning to forecast the future costs that may be incurred in maintaining the Group assets and provide for such costs in financial projections and budgets. This will enable the Group to mitigate the risk from unplanned escalation of costs for future redevelopments, renovation works, and repair and maintenance of assets.

### (e) Competition Risk

Location, quality, attractive pricing and niche marketing are crucial factors towards remaining relevant and maintaining a competitive edge in the hospitality industry. The emergence of alternative tourism accommodation such as AirBnB has provided travellers with new alternatives for accommodation and raises the level of competition for traditional hotel operators like the Impiana group.

Nevertheless, the Group has been aggressively promoting its products and services through marketing partners such as wholesalers, travel agents, online travel agents and other collaborative partners. This will enable the Group to maintain its competitiveness both domestically and globally. Most importantly, the Group will endeavour to continue to provide a superior product offering which allows guests and customers to experience a different dimension, differentiating between the Impiana brand from mere accommodation.

### (f) Dependency on key personnel

The Group believes that its continual success will depend on the abilities, skills, experience, competency and continuous efforts of its existing directors and management team. The Group's hospitality business is positioned for continued strength under the stewardship of the Executive Chairman, Dato' Seri Farouk, who has decades of hotel experience under his belt, supported by other experienced management personnel of the Group.

Efforts are being made by the Group to develop younger talents of the management team to gradually assume greater responsibilities of the business and operations in preparation for long-term expansion. This also ensures succession planning for the Group's future business continuity.

### (g) Renewal of Licences

The Group is required to obtain certain licences such as, operating, health and safety and equipment licences for its hospitality business. These licenses are subjected to periodic renewal/assessment by the relevant authorities and the terms and conditions for renewal may change from time to time.

While these factors are beyond the Group's control, the Group mitigates such risk by ensuring compliance with the relevant laws and regulations and conditions that are enforced and that the relevant licenses are obtained and renewed on a timely basis.

## SUSTAINABILITY REPORT

### SCOPE

This report encompasses the sustainable development of Impiana Hotels Berhad and its subsidiary companies.

#### REPORTING PERIOD

1 July 2020 to 30 June 2021 ("FYE June 2021")

Our sustainability statement ("Sustainability Statement") focuses on sustainability initiatives in which we highlight on the economic, environmental, and social ("EES") impacts of our activities and initiatives. We are reporting in accordance with the Global Reporting Initiative ("GRI") Standards for sustainability reporting and mapping out our route forward to embed sustainability throughout our business operations. Throughout this statement, we demonstrate our initiatives in integrating sustainability practices and preparing this statement pursuant to the Main Market Listing Requirements ("Listing Requirements") and Sustainability Reporting Guide 2018 issued by Bursa Malaysia Securities Berhad ("Bursa Securities") and guided by the guidelines issued by the GRI.

As we set key financial targets and pursue new growth opportunities, we also recognise the importance of building sustainability and shared value creation into our corporate strategies. Seizing the opportunity to better serve our stakeholders, we revitalised our sustainability reporting process to address the changing stakeholders' needs.

This Sustainability Statement presents the review on the initiatives. It also evaluates our existing Corporate Social Responsibility ("CSR") initiatives and provides a roadmap for strengthening our sustainability management activities, processes and reporting in the future.

### **Our Roadmap to Sustainability**

Our sustainability strategy is led by the Board of Directors ("Board") of Impiana Hotels Berhad, and is implemented and monitored within the framework.

Our success as an organisation relies on the strong and continuing support of our customers, suppliers, business partners, governments and other stakeholders. We believe that being a corporate citizen continuously contributing to the vitality of our marketplace is the best way to command our stakeholders' respect and confidence. Business ethics, corporate governance and stakeholder engagement are therefore of key material importance for our Group as a whole.

We worked closely with selected internal and external stakeholders to determine sustainability risks and opportunities with particular focus given to economic, environmental and social risk factors. We understand that each stakeholder has different requirements and concerns. Therefore, we engaged our stakeholders in various ways to further understand their concerns, interests and obstacles.

### **REPORTING STANDARDS AND GUIDELINES**

We have based our reporting approach on the framework and guidance provided by GRI. The report is developed with reference to the Sustainability Reporting Guide 2018. This report has been prepared in accordance with the "core" option of the GRI Standards. This includes adhering to the GRI Principles for defining report content:

- Stakeholder Inclusiveness being responsive to stakeholder expectations and interest.
- Sustainability Context presenting performance in the wider sustainability context.
- Materiality focusing on issues where we can have the greatest impact and that are most important to our business stakeholders.
- Completeness including all information that is of significant economic, environmental and social impact to enable the stakeholders to assess the Group's performance.

### REPORTING SCOPE AND BOUNDARIES

This Sustainability Statement covers the reporting period for the FYE June 2021. Our scope and boundaries cover all our entities and operations in Malaysia. Our corporate sustainability strategy is overseen by the Board. The Board is accountable for overall management of our sustainability strategy. Through an on-going process of identification and evaluation, the Board establishes the direction of our sustainability strategy.

#### **Our Core Values**

The Group's "Codes of Ethics & Conduct for Directors" govern the standards of conduct and behaviour expected. The Board commits itself and its Directors towards ethical, business like and lawful conduct, including proper use of authority and appropriate decorum when acting as Board members.

### WHO WE ARE

The Company was incorporated in Malaysia on 13 July 2006 under the Companies Act as a private limited company under the name of Bio Osmo Sdn Bhd and its principal activity is investment holding. The Company was subsequently converted into a public limited company on 24 January 2007. The Company was renamed Impiana Hotels Berhad on 12 April 2019.

The Group is primarily involved in the ownership and operations of hotels in Malaysia. In addition, the Group also provides hotel management services to those hotels in Thailand and Indonesia. The third revenue segment of the Group is property sales through its subsidiary Impiana Cherating which employs a sale and leaseback model wherein properties are sold and leased back to operate as a resort.

The Group takes pride in its effort to nurture a vertically integrated range of in-house expertise and capabilities including all critical positions. This structure enables the Group to effectively control the construction process, thus ensuring cost control and efficient use of resources.

### WHAT WE DO

The companies under the Group are:

### (i) Impiana Management

Currently, Impiana Management is the "hotel manager" of Impiana KLCC Hotel, Impiana Hotel Ipoh, Impiana Resort & Residences Cherating and Impiana Hotel Senai in Malaysia; Impiana Resort Patong and Impiana Private Villas Kata Noi in Phuket, Impiana Resort Chaweng Noi in Koh Samui, Thailand; and Impiana Private Villas Cemagi, Impiana Private Villas Seminyak and Impiana Private Villas Ubud in Bali, Indonesia. This subsidiary is anticipated to enlarge the existing hotel management operations of the Group.

Impiana Management has secured the Management Contract to manage the new Petronas Leadership & Innovation Centre situated in Bangi, Selangor

### (ii) Impiana Pangkor

Impiana Pangkor holds 2 parcels of land situated along the western coast line of Pangkor Island. The total land area is approximately 28.98 acres and was valued at RM31.50 million in June 2020 by a professional valuer. It is the Group's intention to develop these lands into 'Impiana Pangkor Resort' in the future.

### (iii) Astaka Mekar Sdn Bhd

Astaka Mekar Sdn Bhd is an investment holding company which owns 20% equity interest in Heritage Lane Sdn Bhd, the asset owner of Impiana KLCC Hotel which is situated within the Kuala Lumpur city centre and is strategically positioned within the vicinity of the Petronas Twin Towers.

### (iv) Impiana Cherating

Impiana Cherating currently holds 6 parcels of lands situated in Cherating, Pahang along the eastern coastline of Peninsular Malaysia with an aggregate land area of 30.34 acres. The said lands are in the midst of being redeveloped into 'Impiana Resort & Residences Cherating' which is expected to comprise of approximately 624 units of service residence and 100 units of villas together with other world-class resort facilities upon completion. The company adopts a sale and leaseback model for all the serviced residence, which will allow the company to generate revenue from both the sale of the units as well as the management and operations of the units upon completion.

### (v) Impiana Ipoh

Impiana Ipoh is the "hotel owner" of Impiana Hotel Ipoh and holds the parcel of land in which the hotel sits on, which is situated at Ipoh, Perak. The total land area is approximately 2.4 acres.

### **OUR APPROACH IN DRIVING SUSTAINABILITY**

Our approach to sustainability is based on our core values of excellence, integrity, humility and building relationship, supported by policies and procedures. We consistently embed sustainability into the core of our business. The following value-added sustainability framework forms the basis of the Group's steps to strengthen our approach to sustainability.

### **SUSTAINABILITY STRATEGY**

### 1. As a Public Listed Company

- As a public listed company we are pre-emptive of the sustainability matters focusing on economic value creation for the shareholders and the stakeholders;
- We plan to elevate sustainability in company governance, through engaging in direct Board oversight
  and accountability over environmental and social issues, more diversity and special expertise on
  Board and linking executive and other employee compensation to sustainability goals;
- We plan to have regular dialogues with key stakeholders on sustainability challenges, including employees, investors, suppliers and consumers;
- We are in the process of open reporting on sustainability strategies, goals and accomplishments;
- We are in the process of developing systematic performance improvements to achieve environmental neutrality and other sustainability goals across the entire value chain, including operations, supply chains and products.

### As a Hospitality Asset Owner, Hospitality Management Company and a Property Developer

- We plan to provide quality and reliable products and service to all of our clients as they are part of our valued stakeholders as a means to increase repeat purchases and loyalty;
- We aim to source for staffing within the local communities in which we operate in order to provide employment and enhance ties with the local community;
- We aim to use locally sourced materials and products wherever possible to provide business for local suppliers and to minimise the logistics requirement, thereby reducing our carbon footprint;
- We aim to use environmentally friendly and recyclable materials, products and packaging wherever possible to minimise any impact to the environment;
- We aim to utilise energy and water efficient solutions and practices wherever possible to prevent unnecessary usage of scarce resources and minimise any impact on the environment.

### **GOVERNANCE OF SUSTAINABILITY**

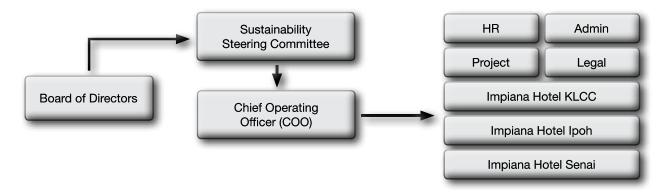

The Group complies with the high standards of corporate governance ("CG") practices and is being closely monitored under the leadership of our Board, as guided by the Malaysian Code on Corporate Governance ("MCCG") 2017 and the MCCG 2021.

In line with sustainability, the Board has the ultimate responsibility to ensure that sustainability efforts are embedded in the strategic direction of the Group. We will establish a Sustainability Steering Committee ("SSC") to oversee the formulation, implementation and effective management of our sustainability matters in line with the strategies. The SSC will be supported by various working groups responsible for implementing initiatives within the organisation. The Management will provide the Board with regular updates relating to all key EES risks and opportunities (sustainability matters).

The governance of our sustainability agenda is a process that is important to the Group as it enables the business to effectively embed sustainability. Good governance structures also ensure that we are consistently aligned to our principles and standards. Demonstrating its commitment from the top, the Group's sustainability agenda is governed by the Board which shall be supported by the SSC in the future.

### **ORGANISATION STRUCTURE FOR SUSTAINABILITY**

The Group's sustainability strategy is led by the Board, and will be implemented and monitored within the following governance structure:

### **ROLES AND RESPONSIBILITIES**

Sustainability Structure	Roles and Responsibilities
Board of Directors	The Board provides oversight to the SSC twice a year
Sustainability Steering Committee (SSC)	SSC will be chaired by the Chief Operating Officer to formulate sustainability policies and drive the sustainability efforts and initiatives while ensuring consistency with the Group's sustainability strategy and business strategy
Sustainability Working Groups	Sustainability Working Groups are the sub-working groups of SSC established to carry out the following:  Set sustainability priorities and goals  Develop and implement sustainability programmes  Advise on sustainability opportunities and innovations  Track, monitor and analyse sustainability metrics and measures  Address and manage challenges and constraints to the sustainability initiatives  Work on quality, health, safety and environmental issues of the Group

### STRATEGIES AND DIRECTIONS

Despite the many challenges owing to Covid-19, our Group continues to practice prudence in managing its operations and finances.

### **Our Material Factors**

As we monitor, manage and report on a wide variety of issues, the key to our approach is focusing our resources on material sustainability risks and opportunities that are associated with each material factor. Understanding our key priorities allows us to set our time, resources and investment to the best use.

Material Factors	Description	What Are The Risk	What Are The Opportunities
Competition	The Group is exposed to competition within the industry	Lesser chance to secure occupancy, sales and contracts will impact the Group's business and performance.  • Lower occupancy  • Lower room rate  • Lower management fees  • Lower sales	<ul> <li>Innovative products, eco-friendly and safe &amp; hygienic systems could be offered to the clients so as to improve on our core value</li> <li>Responsible sales and marketing campaigns reflecting the areas of customer needs</li> <li>Regional partnerships and collaborations</li> </ul>
Market Stability	A well-facilitated business, supported together with an effective and balanced regulatory framework that provides adequate levels of client protection while facilitating business efficiency and innovation are imperative for the continued growth and development of our business	<ul> <li>Any event – such as breaches in regulation, lack of effective CG practices – that undermines integrity or stability will influence stakeholder confidence and possibly participation in the market</li> <li>Epidemic/ Pandemic diseases such as Covid-19 – that resulted in country lockdowns and global travelling restrictions – affect tourism, hotel industry and revenue</li> </ul>	Having a robust approach to ensure the integrity and stability of the market serves to engender trust and confidence, which in turn encourages participation and growth     Fostering a strong corporate governance and sustainability culture will also drive long-term value, both in the market and within Bursa Securities

The materiality factors are based on the priority of the organisation.

### 1. Stakeholder Engagement

Our interaction involves a large number of stakeholder groups to ensure we can identify, prioritise and address material matters and adopt them into our business strategies. As the Group's businesses and markets evolve, we find ourselves engaging with a growing number of diverse stakeholder groups such as our customers, employees, suppliers, shareholders and regulators. The Group believes that fostering relationships with our key internal and external stakeholders strengthens the financial position of the Group.

We also recognise the importance of our key stakeholders' views in all areas that we operate, in order to keep us on track towards our sustainability goals. Therefore, the Group has undertaken various communication and engagement strategies with our key stakeholders to solicit their views. The business and functional units are empowered to interact with their respective stakeholders on their chosen platforms. All issues raised by stakeholders are brought to the attention of the Management by the respective business and functional units. On-going engagements, where applicable, are carried out on a regular basis as they are integral to our business development, relationships with stakeholders and commitment to sustainability.

### Top 5 Stakeholders' Possible Concerns

As highlighted in the table above, and whilst most of the concern areas overlap with our material issues discussed earlier, their order of priority for stakeholders is different.

- 1. Financial performance not in line with the market condition.
- 2. Capital injection for refurbishment of the hotels.
- 3. Sufficiency of cash flows.
- 4. Work-life balance and working environment.
- 5. Quality of service vs value for money.

### 2. Prioritisation of Material Sustainability Matters

The Group has undertaken a stakeholder prioritisation and engagement process to engage with its stakeholders. This include on-going efforts to engage with stakeholders in the usual course of business through the day-to-day operations as well as specific engagements carried out to seek stakeholders' feedback. The outcome of these engagements was considered in the course of the Group's materiality assessment.

As part of the process in conducting the materiality assessment of sustainability matters, the Group conducted the specific engagement process as follows:

- To determine the key stakeholders with whom the Group should engage, the Group carried out assessments to identify key stakeholders based on each stakeholder's influence and dependence.
- To gain insights into these key stakeholders' concerns, interests and expectations, the Group conducted discussions including on-going sessions throughout the year to gauge stakeholders' concerns pertaining to the list of sustainability matters identified.

#### 3. Process Review

The materiality process is undertaken as a key component of the Group's journey towards identifying the material sustainability matters. The SSC will review and approve the processes and outcome of the materiality process including the Group's materiality which guides the Management in addressing and managing its material sustainability matters in its business operations.

The following section aims to provide insights on the Group's sustainability commitments and practices across 3 key areas – economic, environmental and social undertaken by our key business divisions.

### A) ECONOMIC

As tourism activities are the key contributor to our operations in the countries in which we are present in, the social, political and economic influence of the global market will invariably effect the performance of these businesses. The senior management of the Group are cognisant of these risks and regularly take steps in augmenting strategies in order to mitigate losses and optimize earnings.

### **Financial Sustainability**

Our commitment towards the business in predicated on strong corporate governance and prudent financial management despite the pro-longed effects of the Covid-19 pandemic. We strive to achieve the following financial goals:

- Optimise turnover and achieve positive cashflow
- Increase operational and cost efficiencies without compromising on standards
- Diversify income generating streams

### **Whistleblowing Policy**

The Group has adopted a whistleblowing policy that will allow employees and any external stakeholders to report cases in relation to any breach of any legal obligations by the Company and its subsidiaries.

### **Anti-Bribery and Corruption Policy**

An Anti-Bribery and Corruption Policy is in place to enforce and foster equitable practices by all Board members, officers of the Group and employees, in their course of dealings with both internal and external stakeholders in carrying out their business activities.

### **Code of Ethics & Conduct**

The Group has in place a code of conduct for all members of the Board and its employees. The Directors will be governed by a Code of Ethics & Conduct ("COEC") which sets out the standards of conduct expected from the Directors to advocate good corporate behaviour in a professional, honest and ethical manner which are published on the Company's website, *www.impianaberhad.com* Through the COEC, the Board sets the tone for proper ethical behaviour expected of a Board member. The COEC for the employees are contained in the employees' handbook.

### **Corporate Governance and Regulatory Compliance**

The Group strives to comply with best practices of good governance, guided by the MCCG 2017 and MCCG 2021 throughout its operations. The Group has established standard operating policies and procedures, discretionary authority levels and guidelines for recruitment and human capital development. These policies, procedures and guidelines will be reviewed from time to time, and is communicated to all staff levels.

The Group has in place the following policies:

- 1. Board Charter
- 2. Code of Ethics & Conduct for Directors
- 3. Corporate Disclosure Policies and Procedures
- 4. Whistleblowing Policy
- 5. Anti-Bribery and Corruption Policy
- 6. Safety and Health Policy
- 7. Personal Data Protection Policy
- 8. Audit and Risk Management Committee Terms of Reference
- 9. Nomination Committee Terms of Reference
- 10. Remuneration Committee Terms of Reference

Details of our corporate governance framework and practices are elaborated in the "Corporate Governance Overview Statement" section of this Annual Report.

### Risk Management

As an integral part of good corporate governance, a comprehensive risk management framework enables the Group to identify and manage risks in a systematic and consistent manner. In driving risk awareness, decision-making and business processes are put through prudent risk assessment. Fraud, corruption and economic value-added risks have been identified as material to ensure business sustainability.

### **Our Supply Chain**

Supply Chain management is an integral part of all businesses and key to optimum performance. Accordingly, the Group places great emphasis on its suppliers' economic, environmental and social credentials in the lifecycle of supply chain when making responsible sourcing decisions.

### **Commitment to Quality**

The Management of the Group conducts periodic assessments to ensure that established policies, procedures and best practices are adhered. The results of these assessments are reviewed for improvement to processes and quality control. It is with the objective of ensuring consistency and maintaining relevance to ever changing demands of stakeholders and expectation of quality.

### **Customer Satisfaction**

Customer satisfaction in the Group's business activities is the cornerstone of its operations. Measurement of customer feedback, review and reputation management is part of each business unit's performance goals and is aligned to the Group's overall positioning and mission.

### **Business Conduct**

Consistent adherence to the Group's code of ethics and conduct, anti-bribery and corruption policy fosters fair and just practices by the officers and employees of the Group with its various stakeholders. The Management encourages equal opportunity, open communication and is continuously sensitive to its social and environmental responsibility.

### Safety and Health

An ever-important priority for the Group in ensuring a safe and healthy environment for both our employees and customers. Our safety and health policies and procedures now goes beyond the requirement of the Occupational Safety and Health Act 1994 to now include the containment and management of communicable disease.

### **B) ENVIRONMENTAL**

#### Towards a Greater Planet

As a responsible corporate citizen, the Group continues to place great importance in its efforts to promote cleaner, greener and healthier environment. The Group also encourages its suppliers and vendors to adopt efficient practices in managing water, energy and waste.

These efforts include:

#### **Water Management & Consumption**

Continuous water saving practices among our employees and adoption of water efficient technologies and equipment are our strategies in water management. We have taken small steps to control water usage to be in line with the sustainability efforts, which includes:

- Seeking out any water leakages.
- Conducting checks and fixing leaks immediately, where possible.
- Giving guests the option not to have their bed linens and towels washed daily.

As a result of these initiatives, a reduction of 33.5% in water consumption has been recorded in FYE June 2021.

### **Energy Management**

We understand that energy management is essential for combating climate change and lowering an organisation's overall environmental footprint. We aim to minimise the energy usage in our chain of hotels and operating offices by implementing the following efforts:

- \* there has been tremendous drop in water usage in FYE June 2021 as compared to the previous year
- A lighting schedule across key areas in our head office to switch off lights during certain hours of least use and switching off the air-conditioning at 6pm daily.
- Use of electronic door key card sensors in guest rooms to minimise energy usage when guests are not in their rooms.
- Air-conditioning temperature management.
- Maintenance and replacement of electrical equipment and light fittings to maximise energy efficiency.
- Installation of heat pump powered cold and hot water systems at Impiana Hotel Ipoh to reduce electricity usage. Diesel is no longer used to power the boiler systems thus eliminating diesel usage.

As a result of these initiatives, a reduction of 30.4% in water consumption has been recorded in FYE June 2021.

### **Waste Management**

The Group acknowledges the environmental impact arising from paper and plastics usage is significant. The Group's approach is to avoid unnecessary paper and plastics consumption and waste generation where possible and appropriate, to reduce wastages. The Group is always mindful of reducing usage of paper and plastics to further reduce waste. Generally, the Group practises the following on the paper and plastics management initiatives:

- Reducing paper avoid unnecessary printing and photocopying, encourage paperless and electronic modes of usage. In addition, if printing or photocopying is necessary, to practise doublesided printing or reduce the paper size for economic reasons.
- Re-using one-sided printed papers.
- Recycling papers by having proper recycling bins.
- Introduction of paper based recyclable drinking straws to replace single-use plastic straws.
- Wherever possible, to replace single use plastic packaging with recyclable packaging.

### C) SOCIAL

### **Human Capital Development**

In 2021, due to the changes to business operations as a result of the pandemic, we were unable to conduct as many physical trainings for the employees. However, employees were encouraged to participate in online trainings, seminars and webinars to ensure they remain updated with latest developments in both technical and softskill aspects.

Despite the pandemic and changes in working arrangements, the Group continues to pay attention to its employees' wellbeing. Constant engagement with the senior management to motivate and guide our personnel had been our approach during this unprecedented time.

### **Corporate Social Responsibility**

The pandemic had imposed many movement restrictions and social gatherings prohibitions, hence the scale of our CSR activities had reduced compared to previous years.

Partnered with Glenmarie Golf and Country Club (GGCC) in its PinkTober campaign which aimed at raising awareness on breast cancer among its golfers and the local community

This Statement has been reviewed and approved by the Board of Directors on 25 October 2021.

# CORPORATE GOVERNANCE OVERVIEW STATEMENT

The Company's Board of Directors ("the Board") recognises the importance of adopting high corporate governance standards in its efforts to enhance shareholder value, besides safeguarding stakeholders' interest. The Board believes that good corporate governance practices enable the Company and its subsidiaries ("the Group") to operate more efficiently and facilitate better oversight of the business, management and operations of the Group. The on-going Covid-19 crisis should serve as a reminder on the importance of having adequate strategic management processes capable of identifying potential threats, advance planning and the safeguarding of critical business functions in the event of disruption. Business continuity management is integral to good corporate governance.

This Corporate Governance Overview Statement ("CG Statement") provides a summary of the corporate governance practices of the Company during the financial year ended 30 June 2021 ("FYE 30 June 2021"). The CG Statement is prepared in compliance with the Malaysian Code on Corporate Governance 2017 ("MCCG 2017") and the Main Market Listing Requirements ("Listing Requirements") of Bursa Malaysia Securities Berhad ("Bursa Securities") and is to be read together with the Company's Corporate Governance Report for FYE 30 June 2021 ("CG Report"), which provides details on the application of each Practice as set out in the MCCG 2017 and is available on the Company's website at <a href="https://www.impianaberhad.com">www.impianaberhad.com</a>

The Company's CG Statement is guided by the three (3) key Principles of good corporate practices as set out in the MCCG 2017 as follows:-

i. Principle A : Board Leadership and Effectiveness;

ii. Principle B : Effective Audit and Risk Management; and

iii. Principle C : Integrity in Corporate Reporting and Meaningful Relationship with Stakeholders.

### PRINCIPLE A - BOARD LEADERSHIP AND EFFECTIVENESS

The Board assumes overall responsibility for the leadership an, oversight and the long-term success of the Group the Group and is responsible for the strategic direction, corporate governance, business conduct and risk management of the Group.

The specific duties of the Board and a formal schedule of matters reserved for the Board and those delegated to the Management are spelt out in the Board Charter. It is the practice of the Board to deliberate on significant matters that concerns the overall Group's business strategy, acquisition or divestment, major capital expenditure and significant financial matters as well as review of the financial and operating performance of the Group.

The Board assumes the following roles and responsibilities in discharging its function and duties effectively:

- i. Ensuring that the Group's goals are clearly established and that strategies are in place for achieving them:
- ii. Establishing policies for strengthening the performance of the Group including ensuring that the Management is proactively seeking to build the business through innovation, initiative, technology and the development of its business capital;
- iii. Monitoring the performance of the Management;
- iv. Deciding on whatever steps are necessary to protect the Group's financial position and the ability to meet its debts and other obligations when they fall due, and ensuring that such steps are taken;
- v. Ensuring that the financial statements of the Group and the Company are true and fair and conform with law:
- vi. Ensuring that the Group adheres to high standards of ethics and corporate behaviour; and
- vii. Ensuring that the Group has appropriate risk management/regulatory compliances policies in place.

The Board reviews the Board Charter from time to time to ensure that it remains consistent with the Board's objectives and is in line with current laws, regulations and practices. The Board also reviews new policies to be adopted by the Group and the Management to meet the requirements and changes in law which affects the Group, and ensures the Group carry through in its implementation in compliance with the law.

In ensuring the effective discharge of the Board's functions and responsibilities, the Board delegates specific responsibilities and functions to the various Board committees namely, the Audit and Risk Management Committee, the Nomination Committee and the Remuneration Committee (collectively, "the Committees"), to examine specific issues within their respective terms of reference, as approved by the Board and to report to the Board with their recommendations. The ultimate responsibility for decision making however lies with the Board. The Board reviews the Committees' authority and terms of reference from time to time to ensure its relevance and enhance its efficacy.

### **Board Composition and Balance**

The Group is helmed by an experienced Board comprising individuals of calibre and credibility from a diverse professional background with a wealth of experience, skills and expertise.

The Board currently consists of five (5) members, comprising one (1) Non-Independent Executive Chairman, one (1) Non-Independent Non-Executive Director and three (3) Independent Non-Executive Directors. The profile of the Directors is set out in the "Profile of Board of Directors & Senior Management" section of this Annual Report.

#### The Chairman and Chief Executive Officer

Dato' Seri Farouk is the Executive Chairman of the Board and is responsible for ensuring the integrity and effectiveness of the governance processes of the Board and oversees and facilitates the effective functioning of the Board in areas involving the members of the Board and the Committee's evaluation reviews on matters tabled in meetings.

In line with the recommendation of MCCG 2017 and further reinforced in the Malaysian Code on Corporate Governance 2021 ("MCCG 2021") to reinforce independence of the Board of the Company, the positions of the Chairman and the Chief Executive Officer (CEO) should be held by different individuals, and the Chairman must be a non-executive member of the Board and should not be a member of the Committees.

Having more than 50 years' experience in the hospitality industry, Dato' Seri Farouk has considerable experience in the Group's businesses and provides leadership for the Board in considering and setting the overall strategies and objectives of the Group. The Board is of the view that it is in the interest of the Group to maintain the above arrangement for the time being so that the Board could have the benefit of a Chairman who is knowledgeable about the businesses of the Group, sets the overall strategies, conceptualises plans and leads the execution of all major development projects and investments, capable of guiding discussions at Board meetings and able to brief the Board on key issues and developments that may directly or indirectly affect any of the businesses of the Group. The Executive Chairman, together with the support of senior management reviews the Group's medium and long-term strategic plans on an annual basis, so as to align the Group's business directions and goals with the prevailing economic and market conditions.

### **Qualified and Competent Company Secretary**

The Board is advised and supported by three (3) suitably qualified and competent company secretaries ("Company Secretary"). The Company Secretary provide sound governance advice, ensure adherence to rules and procedures, and advocate adoption of corporate governance best practices as prescribed in the MCCG 2017.

Aside from discharging their duties in maintaining the statutory books of the Company, the Company Secretary are also responsible to advise the Board on issues pertaining to compliance with the Listing Requirements, laws, rules, procedure and regulations affecting the Group as well as principles of best corporate governance practices. The Company Secretary also reminds the Directors of their obligations and adherence to matters pertaining to disclosure of any conflict of interest in transactions involving the Group, as well as to alert the Directors on dealings in securities and restrictions on disclosure of price-sensitive information.

The Company Secretary attends all Board and Committee meetings, and ensure that proceedings of the Board and Committee meetings and decisions deliberated and made are accurately and sufficiently recorded. The records are properly kept for purposes of meeting statutory obligations, as well as obligations arising from the Listing Requirements and other regulatory requirements.

### **Independent Directors**

In line with the recommendation of MCCG 2017 and the recent MCCG 2021, the tenure of an independent director does not exceed a term limit of nine (9) years. As at the date of issuance of this Annual Report, the majority of the Board of Company comprised Independent Non-Executive Directors ("INEDs") and the tenure of term for all the INEDs are below nine (9) years.

### **Supply and Access to Information**

The Board meets at least four (4) times during the financial year with additional or special Board meetings convened as and when necessary to consider and deliberate on any urgent proposals or matters that require the Board's review or consideration. The agenda for the Board meetings are circulated in advance to the Directors. The Directors are also supplied with the detailed reports and relevant supporting documents pertaining to the financial performance, investments and strategic direction of the Group to assist them in making well-informed decisions. All rationale of proposals, issues discussed and decisions made at the Board meetings are properly recorded to provide clear historical records and references.

In addition to the Board papers, the Board is notified of any corporate announcements released to Bursa Securities and is also kept informed of the requirements and updates issued by the regulatory authorities.

The Board members are given unrestricted access to all information to assist them in discharging their duties. Should it be deemed necessary, the Board members shall engage independent professionals at the Company's expense on specific issues in order to equip the Board members with adequate knowledge on matters being deliberated.

### **Board Charter**

The Board established its Board Charter as a point of reference for the Board activities. The Board Charter sets forth the roles, duties and responsibilities of the Board, the Committees and the Management. It provides a structured guidance regarding the various responsibilities of the Directors in carrying out their leadership and supervisory role, as well as in discharging their duties towards the Company as well as boardroom activities. The Board Charter is published on the Company's website, www.impianaberhad.com

#### **Code of Ethics & Conduct**

The Board has in place a Code of Ethics and Conduct for Directors ("COEC"). The COEC is intended to codify a standard of conduct by which all Directors are expected to abide; protect the business interests of the Group; maintain the Group's reputation for integrity; and foster compliance with applicable legal and regulatory obligations. The COEC is published on the Company's website, www.impianaberhad.com

### **Whistleblowing Policy**

The Board established a Whistleblowing Policy for the Board, the senior management and employees of the Group to provide a formal and confidential channel to enable employees and any external party to report in good faith, serious concerns of any improper conduct and/or wrongdoing committed by an employee of the Group to the Chairman of the Audit and Risk Management Committee ("ARC") including and without limitation to the following matters:

- Fraud
- Corruption, bribery or blackmail;
- Criminal offences;
- Miscarriage of justice;
- Endangerment of health and safety;
- Concealment of any, or combination, of the above.

The Whistleblowing Policy aims to enhance corporate governance by helping to foster an environment where integrity and ethical behaviour is maintained. The Policy also acts as an early warning system and enable the Group to remedy any wrongdoings before serious damage is caused to the Group.

The Whistleblowing Policy is published on the Company's website, www.impianaberhad.com and any reports or complaints can be directed to the Chairman of the ARC, whose contact information is disclosed on the Company's website.

### **Anti-Bribery and Corruption Policy**

The Board reviewed the Group's policies and procedures on anti-bribery and anti-corruption policy in accordance with Section 17A of the Malaysian Anti-Corruption Commission Act 2009.

The Board shall ensure the Management implements and practices the policies and procedures in its businesses throughout the Group as part of good corporate governance practice in support with the Malaysian Government's initiatives in tackling corruption in the public and private sectors. The Policy is published on the Company's website, www.impianaberhad.com

### **Board Diversity**

The Directors, with their diverse background and qualification, collectively provide an effective blend of entrepreneurship, business and professional expertise in general management, finance, legal and technical areas of the industries the Group is involved in.

The Company recognises that a diverse and talented workforce is a competitive advantage. The Board is cognisant of the recommendation of MCCG 2017 and MCCG 2021 to ensure the Board has in place a policy for the Board and senior management on gender diversity and ensuring at least 2 women director or 30% women board representation.

The Board shall keep in mind to implement the practices as recommended in MCCG 2017 and MCCG 2021 on the composition of the Board when making new appointments in future.

### **Board Meetings**

The Board met a total of five (5) times during the FYE 30 June 2021. The attendance of each Board member against the number of Board meetings and Committees' meetings held are shown below:

	No. of meetings attended			
Directors	Board	ARC (a)	NC (c)	RC (d)
Dato' Seri Ismail @ Farouk bin Abdullah (Executive Chairman)	5/5	-	-	-
Prof. Dr Mohd Amy Azhar bin Haji Mohd Harif (Independent Non-Executive Director)	5/5	8/8	-	-
Datuk Supperamaniam a/I Manickam (Independent Non-Executive Director)	5/5	8/8	-	-
Pn Dyana Sofya binti Mohd Daud <sup>(b)</sup> (Non-Independent Non-Executive Director)	5/5	7/8	-	-
En Azrin Mirzhan bin Kamaluddin (resigned on 31 December 2020)	3/5	-	-	-
Datuk Mohammad Kamal bin Yan Yahaya (retired on 23 December 2020)	3/5	-	-	-

### Note:

- (a) Total of 8 ARC meetings (including Special Meetings) held during the financial year
- (b) Puan Dyana Sofya was absent due to her position as a non-independent director whereby she abstained from attending and deliberating on the agenda of the ARC Special Meeting
- (c) No Nomination Committee meeting held during the financial year
- (d) No Remuneration Committee meeting held during the financial year

The Board is satisfied with the level of commitment given by the Directors towards fulfilment of their respective roles and responsibilities. This, amongst others, is evidenced by the attendance record of the Directors at Board meetings. All Directors have complied with the minimum 50% attendance requirement as stipulated in the Listing Requirements.

Each Board member holds not more than five (5) directorships in public listed companies in compliance with the Listing Requirements. While holding office, a Director is at liberty to accept other board appointments so long as the appointment is not in conflict with the business and does not affect his/her performance as a director. Any acceptance of new directorships must be notified to the Company Secretary immediately.

### **Directors Training**

The Board members acknowledge the importance of being updated on the latest regulatory requirements as well as accounting standards to enable them to keep abreast with new statutory and regulatory requirements. The Board members are encouraged to enroll in suitable and relevant training sessions, on their own accord or through in-house trainings organised by the Group. The Company Secretary keeps the Directors informed of any trainings provided by the regulatory authorities as well as relevant external training programmes. All the Directors, except newly appointed Dato' Hong who recently joined the Board on 28 September 2021, have attended and successfully completed the Mandatory Accreditation Programme (MAP) prescribed by Bursa Securities.

During the financial year under review, the Directors attended the following training programmes and seminars:

### **Training programmes/ Seminars**

- Workshop on Corporate Liability Provision (Section 17A) of the MACC Act 2009: The Essential Steps
- Workshop on connecting the dots Section 17A of the MACC Act 2009, the Ministerial Guidelines on Adequate Procedure Guidelines
- AKEPT Global Series: Universities leadership in challenging times and the way forward
- Scope & Materiality in Sustainability Reporting
- World Finance Conference 2021

### **The Committees**

To ensure the effective discharge of its fiduciary duties and responsibilities more effectively, the Board delegates specific responsibilities to the Committees established by the Board.

All Committees function within and in accordance with clearly defined terms of reference which were approved by the Board from the onset. These Committees have unrestricted authority to examine issues and submit reports of their findings to the Board. As the Committees have no authority to make decisions on matters reserved for the Board, the recommendations would then be deliberated by the Board as a whole for decision making.

### (I) Nomination Committee

The Nomination Committee ("NC") was established to consider candidates for directorship and the Committees membership, and to review the effectiveness of the Board, through performance assessment of individual Directors of the Board and the Committees. The present composition of the NC comprised of two (2) Independent Directors as at the date of issuance of this Annual Report. They are:

Datuk Supperamaniam a/l Manickam (Chairman)
Prof. Dr Mohd Amy Azhar bin Haji Mohd Harif (Member)

Datuk Mohammad Kamal bin Yan Yahya (Member)(Retired)

The NC operates within defined terms of reference that have been drawn up in accordance with the best practices prescribed by the MCCG 2017. The NC's terms of reference is published on the Company's website, www.impianaberhad.com

The NC is tasked to conduct an annual appraisal of each Director as well as the Board as a whole, and to review the effectiveness of the independence of its directors and contribution of each Board member and the entire Board. The NC was guided by the "Corporate Governance Guide –Towards Boardroom Excellence", and conducted an annual assessment of the Board, the Committees and individual Directors by taking into consideration the following key aspects for assessment:

- appropriate size, composition, independence, mix of skills and experience within the Board and the Committees:
- clear definition of the Board and the Committees' roles and responsibilities;
- functioning of the Board and the Committees in a productive, objective, timely, effective and efficient manner;
- open communication of information and active participation within Board and the Committees; and
- proper discharge of responsibilities and leadership by the Chairman of the Board and the Committees.

Based on the review of the NC, the Board is satisfied with the level of independence demonstrated by the INEDs of the Board and their ability to act in the best interest of the Group and each Board member has performed satisfactorily, and that the composition of the Board is effective.

### Process for selection and appointment of new directors

The NC has in place a formal process for the selection of new directors to increase transparency of the nomination process in identifying and evaluating nominees for directors. The NC leads the process as follows:

- The NC evaluates the balance, skills, knowledge and experience of the existing Board and the
  requirements of the Group. In light of such evaluation, the NC determines the role and the key
  attributes that an incoming director should possess.
- The NC taps on the resources of the Directors' personal contacts and recommendation of potential candidates and goes through a short-listing process. Where candidates identified from this process are found unsuitable, recruitment agencies will be appointed in the search process.
- The NC meets with the shortlisted candidate(s) to assess suitability and to ensure that the candidate(s) is/are aware of the expectations and the level of commitment required.
- The NC recommends the most suitable candidate to the Board for appointment as director.

### Re-appointment / re-election of directors

All Directors submit themselves for re-election at regular intervals of at least once every three (3) years. Article 28.1 of the Company's Constitution provides that one-third of the directors (or if their number is not a multiple of three, the number nearest to one-third) shall retire from office by rotation and be subject to re-election at the Company's Annual General Meeting ("AGM").

In recommending the re-election of directors, the NC shall take into account the following as consideration:

- character, knowledge, expertise, professionalism, integrity and time availability;
- the results of the assessment on each individual Director; and
- in the case of the INEDs, the ability of a Director to discharge their responsibilities and functions as expected of someone holding the position of an independent director.

The NC carries out and reports to the Board the following key activities:

- i. reviewed the required mix of skills, experience and other qualities of the Board;
- ii. assessed the effectiveness of the Board as a whole, the Committees and the contribution of each individual Director including his time commitment, character, experience and integrity;
- iii. assessed the effectiveness and performance of the Executive Director;
- iv. assessed the independence of the Independent Directors, particularly in relation to the nine (9) years limit on the tenure of Independent Director;
- v. recommendation for the re-election of a Director who is retiring and seeking for re-election at the forthcoming AGM of the Company;
- vi. recommendation for the continuance of an Independent Director which exceeds the nine (9) years tenure limit: and
- vii. recommendation on relevant training programs for the Director in accordance to their training needs.

Proposed appointment of member(s) to the Board to fill vacancy and proposal for re-election of Directors seeking re-election at the AGM are recommended by the NC to the Board for approval or tabling at the AGM for shareholders' approval, as the case may be.

The Company Secretary is tasked to ensure that all appointments are properly made and that all necessary information is obtained from the newly appointed Director for the Company's records and for the purposes of meeting statutory obligations as well as obligations arising from the Listing Requirements.

### (II) Remuneration Committee

The Remuneration Committee ("RC") was established to assist the Board on assessment and to propose fair remuneration practices to attract, retain and motivate the Directors and the Senior Management; and make relevant recommendations to the Board. The present composition of the RC comprised of the following two (2) Independent Directors as at the date of issuance of this Annual Report:

Datuk Supperamaniam a/I Manickam (Chairman)
Prof. Dr Mohd Amy Azhar bin Haji Mohd Harif (Member)

The RC operates within defined terms of reference that have been drawn up in accordance with the best practices prescribed by the MCCG 2017. The RC's terms of reference is published on the Company's website, www.impianaberhad.com

### **Directors' Remuneration**

The principal objective of the Company's framework for directors' remuneration is to attract, retain and motivate Directors of the calibre needed to successfully manage the Group's business.

The RC reviews, assesses and recommends to the Board the remuneration package of the Executive Director. The Executive Director's remuneration consists of basic salary, contribution to the national pension fund and benefits-in-kind whilst the Non-Executive Directors' remuneration primarily consists of director fees and benefits in the form of meeting allowances for meetings attended during the financial year. A particular Director shall abstain in deliberation and voting on decisions in respect of his individual remuneration.

### PRINCIPLE B - EFFECTIVE AUDIT AND RISK MANAGEMENT

It is the Board's commitment to provide and present a clear, balanced and comprehensive assessment of the Group's financial performance and prospects at the end of each reporting period and financial year, primarily through the quarterly announcement of the Group's results to Bursa Securities and the financial statements for each financial year in accordance with the Malaysian Financial Reporting Standards (MFRSs) and applicable requirements of the Companies Act 2016. The Board is satisfied that appropriate accounting policies have been consistently applied and supported by reasonable judgements and estimates.

### **Audit Committee**

The Board has established, through the Audit and Risk Management Committee's ("ARC"), a close and transparent relationship with its external auditor, Messrs Moore Stephens Associate PLT ("External Auditor") in seeking professional advice and ensuring compliance with relevant accounting standards. The External Auditor has confirmed to the ARC that they have been independent throughout the conduct of audit engagement in accordance with the terms of relevant professional and regulatory requirements. The ARC's evaluation and consideration on the External Auditor is premised on cost-effectiveness of the audit process, its work performance and assurances and effective discussion with the Management; and the ARC concluded that the External Auditor demonstrated appropriate qualifications and expertise.

The shareholders had approved the appointment of the External Auditor at the Company's AGM held on 23 December 2020. The audit fees incurred for audit services rendered to the Group for the FYE 30 June 2021 is RM275,000.00. The re-appointment of the External Auditor will be tabled at the forthcoming AGM on the recommendation of the Board.

The Audit Committee is satisfied with the competence and independence of the External Auditor for the financial year under review.

### (A) Relationship with the Auditors

The Company has established a transparent arrangement with the auditors to meet their professional requirements. From time to time, the auditors will highlight to the ARC and the Board on matters that require the Board's attention. The ARC engages on a discussion with the External Auditor without the presence of the Executive Director and the Management during the ARC meetings on any matters relating to the Group and its audit activities.

### (B) Assessment of External Auditor

In assessing the independence of the External Auditor, the ARC reviewed and considered a written assurance from the External Auditor, confirming that they are, and have been, independent throughout the conduct of their audit engagement with the Company in accordance with the independence criteria of International Standards on Auditing and By-Laws issued by the Malaysian Institute of Accountants (MIA).

### **Risk Management and Internal Control**

The Board regards risk management and internal controls as an integral part of the overall management processes. The Board as a whole is ultimately responsible for identifying the principal risks of the Group's business and ensuring the implementation of appropriate systems to manage those risks.

The Board has established internal control procedures and policies for its operations, and monitors through the Internal Auditor, to ensure that such internal control system is implemented and carried out effectively by the Management. The internal audit function is carried out by the Internal Audit Department, led by the Internal Audit Manager ("Internal Auditor"). The audit work carried out by the Internal Auditor is carried out based on the audit plan, reviewed and approved by the Audit Committee. The internal audit plan is developed based on the key risk areas of each major operating unit within the Group. Each year, the Board and the Management discuss at length the scope of audit works to be undertaken by the Internal Auditor. The Internal Auditor proceed to conduct the audit based on the agreed scope of work.

The "Statement on Risk Management and Internal Control", which provides an overview of the state of internal control and risk management within the Group, is included in this Annual Report.

### PRINCIPLE C - INTEGRITY IN CORPORATE REPORTING AND MEANINGFUL RELATIONSHIP WITH STAKEHOLDERS

### **Communication with Stakeholders**

The Company recognises the value of transparent and effective communication with the investment community and aims to build long-term relationships with its shareholders and investors through appropriate channels for disclosure of information.

The Company communicates with its shareholders, stakeholders and the public through press releases, press conferences, timely announcements and disclosures made to Bursa Securities.

Information disseminated is clear, relevant and comprehensive, provided on a timely basis and is readily accessible by all stakeholders. The Group endeavours to provide investors with sufficient business, operational and financial information on the Group to enable them to make informed investment decisions.

The Annual Report, which includes the audited financial statements together with the auditors' and directors' report, is a key communication channel between the Company and its shareholders and investors, and is issued to the shareholders within four (4) months from the close of the financial year. The "Management Discussion & Analysis" section in this Annual Report provides an insightful interpretation of the Group's performance, operations, prospects and other matters affecting the Group's business and shareholders' interests.

### **Conduct of General Meetings**

The Company's AGM is the principal forum for dialogue and interaction with individual shareholders and investors where they seek clarification on the Group's businesses, performance and prospects. In compliance with the Listing Requirements and the Companies Act 2016, the Annual Report and the notice of AGM are sent to shareholders within the prescribed timeframe. The notice of AGM is also published in a national newspaper and released through Bursa Securities for public dissemination. Members of the Board are present at the meeting to answer questions raised. All suggestions and comments put forth by shareholders will be noted by the Board for consideration. The Company also welcomes electronic communications from its shareholders via its email address at *info@impiana.com* 

### **Voting**

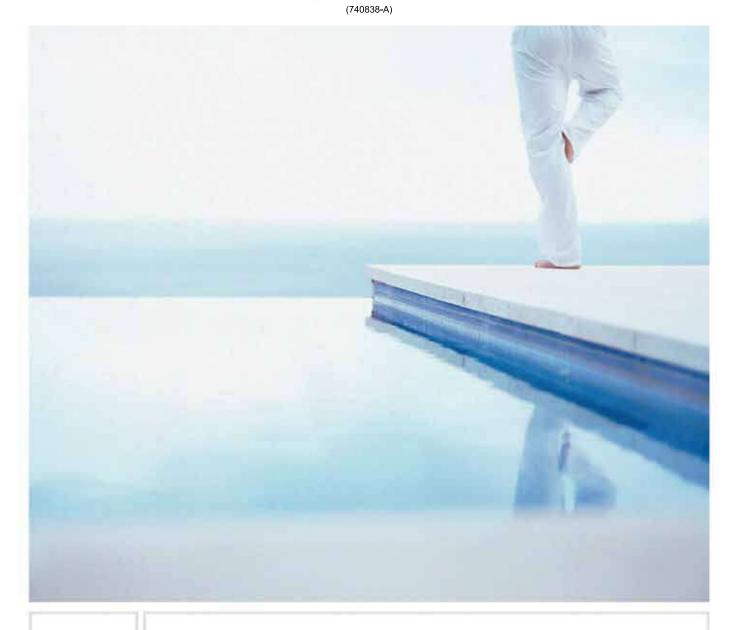

In line with the Listing Requirements, all resolutions as set out in the notice of all general meetings of the Company will be voted by way of poll.

For the FYE 30 June 2021 until up to the date of this Annual Report, the Company has complied substantially with the principles and recommendations of the MCCG 2017 and MCCG 2021 so far as applicable and described herein.

This Statement has been reviewed and approved by the Board on 25 October 2021.

The composition of the ARC fulfilled the requirements under the Main Market Listing Requirements of Bursa Malaysia Securities Berhad ("Bursa Securities") and the Malaysian Code on Corporate Governance 2017 ("MCCG 2017").

The ARC members are financially literate and well equipped with the relevant knowledge and experience to effectively discharge their duties and responsibilities. In particular, the Chairman of ARC, Prof. Dr Mohd Amy Azhar is a member of the Malaysian Institute of Accountants (MIA) as required under Paragraph 15.09(1)(c)(i), Part C of Chapter 15 of the Listing Requirements.

The particulars of the ARC members are set out in the "Profile of Board of Directors & Senior Management" section in this Annual Report.

### **TERMS OF REFERENCE**

The ARC's terms of reference is published on the Company's website, www.impianaberhad.com

### **MEETINGS**

During the FYE 30 June 2021, the ARC convened a total of eight (8) meetings and the attendance of the members were observed as follows:

Members	No. of meetings attended
Prof Dr Mohd Amy Azhar bin Haji Mohd Harif	8/8
Datuk Supperamaniam a/l Manickam	8/8
Pn Dyana Sofya binti Mohd Daud (a)	7/8

### Note:

(a) Puan Dyana Sofya was absent due to her position as a non-independent director whereby she abstained from attending and deliberating on the agenda of the ARC Special Meeting

## AUDIT AND RISK MANAGEMENT COMMITTEE REPORT (Cont'd)

The Notice of Meeting, minutes of meetings, reports and relevant documents were distributed to the ARC in advance prior to the respective meetings in order to allow the members sufficient time to peruse these documents for effective discussion and notation thereon.

The Executive Directors, Senior Management and Key Executives of the Company were invited to attend the ARC meetings for the purpose of briefing the ARC members on the activities involving their areas of responsibilities and to report on the overall operations of the Group.

The External Auditor and Internal Auditor were also invited to attend these meetings as and when necessary.

The Chairman of ARC would brief the Board on the proceedings of each meeting. Minutes of the meeting are tabled for confirmation at the next ARC meeting and then tabled to the Board for notation.

### **FUNCTIONS AND ACTIVITIES**

Below is a summary of activities carried out by the ARC during the FYE 30 June 2021:

### **Financial Reporting**

- Reviewed and discussed all quarterly unaudited financial results and audited financial statements prior to submission to the Board for their consideration and approval.
- Ensured the Group's compliance on issues pertaining to:
  - Accounting standards and relevant regulatory requirements;
  - Implementation and changes (if any) of accounting policies; and
  - Significant and unusual events or transactions.

### **Internal Audit**

- Adequacy of scope, functions and resources of the internal audit function and that it has the necessary authority and unrestricted access to relevant records and information to carry out its tasks;
- The internal audit programme and results of the internal audit process and, where necessary, ensure that appropriate actions are taken on the recommendations of the internal audit function;
- The key findings of internal audit or investigations undertaken and Management's responses, and ensure that appropriate and prompt actions are taken on the recommendations of the internal audit function;
- Its effectiveness and independence; and
- Review and approve any appointment, termination or resignation of the Internal Auditor.

### **External Audit**

- Reviewed and discussed the contents of the External Auditor's reports in relation to audit and accounting
  issues arising from audit, and updates of new developments on accounting standards issued by the
  Malaysian Accounting Standards Board (MASB);
- Reviewed the results of the audit of the financial statements, significant findings, audit reports, and the responses from the Management with the External Auditor;
- Reviewed the Audit Planning Memorandum, scope of work and proposed audit fees prior to the commencement of the audit for the financial year under review;
- Reviewed the performance and independence of the External Auditor, and propose recommendations to the Board on their re-appointment; and
- Held discussions with the External Auditor, in the absence of the Management, on areas of concern arising from their interim and final audit.

## AUDIT AND RISK MANAGEMENT COMMITTEE REPORT (Cont'd)

### **Compliance with Bursa Securities**

- Reviewed the Company's compliance with the Listing Requirements and other relevant rules and regulations on an on-going basis; and
- Seek advice and guidance from the Company Secretary on matters relating to the Listing Requirements.

### Recurrent Related Party Transactions of a Revenue or Trading Nature ("RRPTs")

- Reviewed the transaction limits of the related party transactions entered into by the Group with related parties on a quarterly basis to ensure compliance to the mandate approved by the shareholders; and
- Reviewed the information, procedures and processes contained in the Circular to Shareholders on RRPTs prior to tabling the same for the Board's approval.

### **Other Functions**

 Reviewed the 'Audit and Risk Management Committee Report' and 'Statement on Risk Management and Internal Control' and other relevant statements and information for inclusion into the Annual Report prior to tabling the same for the Board's approval.

During the financial year, the ARC reviewed the Group's Anti-Bribery and Anti-Corruption policy ("ABC Policy"). The ABC Policy has been duly approved by the Board and adopted across the Group. The ABC Policy adopted is in line with the enforcement of the new provision of the Malaysian Government on Section 17A (5) of the Malaysian Anti-Corruption Commission Act 2009 ("MACC Act") on 1 June 2020, which imposes liability on a commercial organisation for corruption committed by persons associated with the commercial organisation. This policy seeks to provide guidance to the parties on the procedures in line with the applicable laws and regulations in Malaysia to prevent bribery and corruption from occurring in all activities that may arise during the course of doing business.

### **REVIEW OF THE AUDIT AND RISK MANAGEMENT COMMITTEE**

The ARC's terms of reference have been reviewed and updated to be in line with the requirements of the Listing Requirements and the MCCG 2017. The ARC's terms of reference will be further improved on to include the ARC's additional role in assessing the risk management practices of the Group's business processes and operations.

The ARC members were assessed based on the quality, skill sets and competencies of each member as well as the conduct of the members in carrying out its duties in accordance to the ARC's terms of reference, during the meetings.

The Board, together with the Nomination Committee are satisfied that the ARC members have discharged their duties and responsibilities in accordance with the ARC's terms of reference during the FYE 30 June 2021.

## AUDIT AND RISK MANAGEMENT COMMITTEE REPORT (Cont'd)

### INTERNAL AUDIT AND RISK MANAGEMENT FUNCTIONS

Functionally, the Internal Auditor reports directly to the ARC. The primary function is to ensure a regular review of the adequacy and integrity of the Group's system of internal controls, risk management process and compliance with the Group's established policies and procedures to provide reasonable assurance that such systems continue to operate satisfactorily and effectively within the Group. The Internal Auditor undertakes the internal audit function based on the audit plan that is reviewed and approved by the ARC.

The Internal Auditor has conducted risk-based audits on selected business units within the Group as included in the approved internal audit plan for the FYE 30 June 2021.

The reports containing findings and recommendations together with the Management's responses thereto were reviewed by the ARC members and discussed at ARC meetings. Areas of improvement identified and timelines for the outstanding matters to be resolved were communicated to the Management for their further action. Follow up reviews would subsequently be carried out by the Internal Auditor to ascertain the extent of implementation of the recommended corrective actions for improvement.

Apart from the aforesaid internal audit mandate, the Internal Auditor is also responsible for facilitating and assisting the Management in maintaining a structured risk management framework to identify, evaluate and manage material risks facing the Group. The Internal Auditor also monitors the effectiveness of the Group's risk management processes and reports to the ARC on the risk management activities of the Group.

The cost incurred for the internal audit function inclusive of risk management review in respect of the FYE 30 June 2021 was RM17,005 (FYE 30 June 2020: RM17,005).

## STATEMENT ON RISK MANAGEMENT AND INTERNAL CONTROL

### INTRODUCTION

The Company's Board of Directors ("the Board") acknowledges the importance of maintaining a sound system of internal controls and effective risk management as part of its on-going efforts to practise good corporate governance. The Board is committed to practicing good standards of corporate governance and observing best practices, and will continue to improve on current practices.

The Board is pleased to highlight to the shareholders the state of risk management and internal control of the Group pursuant to Paragraph 15.26, Part E of Chapter 15 of the Listing Requirements, Part II of Principle B of the Malaysian Code on Corporate Governance 2017 (MCCG2017), and as guided by the 'Statement on Risk Management and Internal Control: Guidelines for Directors of Listed Issuers' ("the Guidelines"), which outlines the nature and scope of risk management and internal controls of the Group during the FYE 30 June 2021.

### **RESPONSIBILITY OF THE BOARD**

The Board is ultimately responsible for the internal controls of the Group. The Board is also accountable for reviewing its effectiveness, adequacy and integrity, including financial and operational controls, compliance with relevant laws and regulations, and risk management in order to safeguard the Group's assets, and ultimately the shareholders' investments.

The Board recognises that the system of internal controls is designed to manage, rather than eliminate the risk of failure to achieve business objectives. Hence, the Board shall only provide reasonable and not absolute assurance against misstatement or loss. Nonetheless, the Board shall evaluate appropriate initiatives, on a continuous basis, to strengthen the transparency and efficiency of its operations, taking into account the requirements for sound and appropriate internal controls and management information systems within the Group.

### **CONTROL ENVIRONMENT**

The Board and Senior Management consistently endeavour to maintain an adequate system of internal controls designed to manage risks rather than to eliminate them. The Group has in place an organisation structure that is aligned to its business requirements. The internal control mechanism is embedded in the various work processes at appropriate levels in the Group. As such, it is recognised that the system of internal controls can only provide reasonable assurance and not absolute assurance against the occurrence of any material misstatement or loss.

The Board is accountable for ensuring the existence and effectiveness of internal controls. It provides leadership and direction to Senior Management on the manner the Group controls its businesses, the state of internal control and its activities. In developing the internal control systems, consideration is given to the overall control environment of the Group, assessment of financial and operational risks and an effective monitoring mechanism.

The Board has also established an Anti-Bribery and Anti-Corruption policy ("the ABC Policy") for the Group, guided by the Guidelines on Adequate Procedures issued pursuant to Section 17A (5) of the Malaysian Anti-Corruption Commission Act 2009 ("MACC Act"). It is designed to provide a framework governing the general principles and processes on the giving and receipt of gratification. The primary aim of the ABC Policy is to promote and maintain good governance, integrity and accountability within the Group and to govern the Group's interaction with its stakeholders.

## STATEMENT ON RISK MANAGEMENT AND INTERNAL CONTROL (Cont'd)

### **INTERNAL AUDIT**

The Internal Auditor reviewed the Group's internal control systems to identify and address related internal control weaknesses. The Internal Auditor independently reviewed and assessed the risk identification procedures and control processes implemented by the Management. Any significant weaknesses identified during the audit reviews along with the Internal Auditor's recommended measures to improve and strengthen the internal controls of the Group were reported to the Audit and Risk Management Committee ("the Committee"). The Internal Auditor also tested the effectiveness of the internal controls based on an internal audit strategy, and a detailed annual internal audit plan was presented to the Committee for approval. It should be highlighted that the internal audit process adopted a sampling methodology based on samples selection and did not engage any strategy to detect fraud during the performance of the audit.

In order to ensure impartiality and independence to the Internal Audit function, the Internal Auditor reports directly to the Committee on the activities performed and key strategic and control issues observed on the operations and processes of the Group. The Committee reviews and approves audit plan and human resources requirements to ensure the function maintains an adequate number of internal audit team with sufficient knowledge, skills and experience.

### **PRACTICES & FRAMEWORK**

Using this framework, all internal control Assessments performed by the Internal Auditor is based on the internal control elements Scope and Coverage.

The Internal Auditor continue to adopt the risk-based audit plan to ensure the programmes carried out are prioritised based on the Group's key risks and core/priority areas. Input from various sources inclusive of the Enterprise Risk Management Framework ("ERM Framework"), Business Plan, past audit issues, External Auditors, the Management and the Board are gathered, assessed and prioritised to derive the annual audit plan.

Through the Internal Auditor, the effectiveness and efficiency of the Group's risk management and system of internal controls were examined and evaluated in an independent capacity. The Internal Auditor has assessed the Group's compliance with policies and procedures as well as relevant law and regulations. The Internal Auditor then provided reports on issues relating to internal controls and the associated risk together with recommendations for appropriate actions to the Committee.

For the FYE 30 June 2021, the Internal Auditor had:

- Carried out activities in accordance with the scope of work;
- Presented findings to the Committee and recommend corrective actions for the Management; and
- Conducted follow-up review to ensure compliance.

### INFORMATION AND COMMUNICATIONS

While the Management has full responsibility in ensuring the effectiveness of internal controls which it establishes, the Board has the authority to assess the state of internal controls as it deems necessary. In doing so, the Board has the right to request for information and clarification from the Management as well as to seek inputs from the Committee, External Auditors, the Internal Auditor and other experts at the expense of the Company.

## STATEMENT ON RISK MANAGEMENT AND INTERNAL CONTROL (Cont'd)

### **RISK MANAGEMENT**

The Group has an on-going process for identifying, evaluating and managing the significant risks faced by the Company and its subsidiaries throughout the financial year under review. This is to ensure that all high risks are adequately addressed at various levels within the Group. Risk management is embedded in the Group's management system and is every employee's responsibility. The Group believes that risk management is critical for the Group's continued profitability and the enhancement of shareholders' value.

The Board regards risk management as an integral part of the Group's business operations and has oversight over this critical area through the Committee. The Group's enterprise risk management ("ERM") framework was approved by the Board on 27 August 2020. The Committee, supported by the Internal Auditor, provides an independent assessment of the effectiveness of the Group's ERM framework and reports to the Board. The Group's ERM is consistent with the ERM Framework and involves systematically identifying, analysing, measuring, monitoring and reporting on the risks that may affect the achievement of its business objectives. This framework helps to reduce the uncertainties surrounding the Group's internal and external environment,

The ERM process is based on the following principles:

- Consider and manage risks enterprise-wide;
- Integrate risk management into business activities;
- Manage risk in accordance with the Risk Management framework;
- Tailor responses to business circumstances; and
- Communicate risks and responses to the Management.

All identified risks are displayed on a risk matrix based on their risk ranking to assist the Management in prioritising their efforts and appropriately managing the different classes of risks. There is no dedicated ERM department, however, the Management work closely with the respective operational managers to continuously strengthen the risk management initiatives within the Group so that the Management could respond timely and effectively to the constantly changing business environment and is thus able to protect and enhance shareholders value.

The Board recognises the importance of effective ERM in enhancing shareholders value while upholding a high standard of corporate governance. Combining a strong and sustained commitment from the Board and Senior Management with a clear direction and oversight from all levels of leadership, the Group embraces a holistic risk management approach to achieve its business targets with minimal surprises.

### **COVID-19 PANDEMIC**

The outbreak of Covid-19 has affected the global health and economy significantly.

Since 17 March 2020, the Federal Government of Malaysia ("Government") has imposed several levels of Movement Control Order ("MCO") and Conditional MCO to curb the spread of the Covid-19 outbreak in Malaysia. The Covid-19 outbreak also resulted in travel restrictions, lockdowns, social distancing and other precautionary measures imposed in various countries.

The Government has also introduced several short-term fiscal and monetary measures to sustain businesses in the country and to reduce the adverse effect of the pandemic to the country's economy.

At the date of this report, the pandemic situation is still evolving. The Board and the Management endeavours to manage the impact arising from this pandemic on the performance and operations of the hospitality and property development businesses.

## STATEMENT ON RISK MANAGEMENT AND INTERNAL CONTROL (Cont'd)

### **MONITORING ACTIVITIES**

In the financial year under review, the Board through the Committee has reviewed the risk management updates as well as the progress of compliance status of the internal control and risk management system.

### **ASSURANCE FROM THE MANAGEMENT**

The Board has also received assurance from the Executive Director and Senior Management that the Group's risk management and internal control systems are operating adequately and effectively, in all material aspects, based on the ERM framework adopted by the Group.

### **REVIEW OF THE STATEMENT BY EXTERNAL AUDITORS**

Pursuant to Paragraph 15.23, Part D of Chapter 15 of the Listing Requirements, the External Auditors have reviewed this Statement on Risk Management and Internal Control for inclusion in this Annual Report. Their limited assurance review was performed in accordance with the Audit Assurance Practice 3 (AAPG 3) (formerly known as 'Recommended Practice Guide 5 (Revised 2015)') issued by the Malaysian Institute of Accountants.

Based on the External Auditors' review, nothing has come to their attention that caused them to believe that the statement is not prepared, in all material aspects, in accordance with the disclosures required by paragraphs 41 and 42 of the Guidelines to be set out, nor is the statement factually inaccurate.

### **CONCLUSION**

The Board is pleased to report that there were no major internal control weaknesses identified during the financial year under review, nor have any of the reported weaknesses resulted in material losses or contingencies requiring disclosure in the Company's Annual Report. The Board is of the view that the existing system of internal controls is adequate. The Board will ensure that the internal controls framework be continuously reviewed, improved and enhanced to ensure its effectiveness, adequacy and relevance. Nevertheless, the Management continues to take measures to strengthen the control environment of the Group and its subsidiaries.

This Statement has been reviewed and approved by the Board of Directors on 25 October 2021.

### **Report on the Audit of the Financial Statements**

### **Opinion**

We have audited the financial statements of Impiana Hotels Berhad, which comprise the statements of financial position as at 30 June 2021 of the Group and of the Company, and the statements of comprehensive income, statements of changes in equity and statements of cash flows of the Group and of the Company for the financial year then ended, and notes to the financial statements, including a summary of significant accounting policies, as set out on pages 66 to 159.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Group and of the Company as at 30 June 2021, and of their financial performance and their cash flows for the financial year then ended in accordance with Malaysian Financial Reporting Standards, International Financial Reporting Standards and the requirements of the Companies Act 2016 in Malaysia.

### **Basis for Opinion**

We conducted our audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing. Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### Independence and Other Ethical Responsibilities

We are independent of the Group and of the Company in accordance with the *By-Laws* (on *Professional Ethics, Conduct and Practice*) of the Malaysian Institute of Accountants ("By-Laws") and the International Ethics Standards Board for Accountants' *International Code of Ethics for Professional Accountants* (including International Independence Standards) ("IESBA Code"), and we have fulfilled our other ethical responsibilities in accordance with the By-Laws and the IESBA Code.

### **Material Uncertainty Related to Going Concern**

We draw attention to Note 2(e) in the financial statements, which indicates that the Group and the Company incurred a net loss of RM10,730,489 and RM22,355,944 during the financial year ended 30 June 2021 and, as of that date, the Group's and the Company's current liabilities exceeded its current assets by RM4,248,641 and RM16,370,404. These events or conditions, along with the matters as set forth in Note 2(e) to the financial statements, indicate the existence of a material uncertainty that may cast significant doubt on the Group's and the Company's ability to continue as a going concern. Our opinion is not modified in respect of this matter.

### **Key Audit Matters**

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the Group and of the Company for the current year. These matters were addressed in the context of our audit of the financial statements of the Group and of the Company as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

In addition to the matter described in the *Material Uncertainty Related to Going Concern* section, we have determined the matters described below to be the key audit matters to be communicated in our report.

## Impairment Review of Property, Plant and Equipment ("PPE"), Intangible Assets ("IA") and Investments in Subsidiaries

### PPE and IA

As at 30 June 2021, as shown in Notes 9 and 10 to the financial statements, the carrying amounts of the Group's PPE and IA amounted to RM71,308,024 and RM6,376,262 respectively, representing approximately 35% and 3% of the Group's total assets.

The main operating subsidiary of the Group with significant PPE at carrying amount of RM42,356,443 was affected by COVID-19 pandemic which in turn recorded a loss for the financial year and accumulated losses position. These resulted in multiple indications that the carrying amounts of PPE may be impaired. Accordingly, the Group estimated the recoverable amount of the PPE based on value-in-use ("VIU") calculations using cash flow projections derived from the most recent financial forecast approved by the Directors covering a ten-year period.

A subsidiary of the Group has intangible asset pertaining to hotel management agreements ("HMAs") with carrying amount of RM6,353,391 as at 30 June 2021 and there was indication of impairment as the participating hotels have yet to commence their hotel operations and the subsidiary's revenue which is dependent upon percentage of revenue to be generated by the participating hotels would be impacted by the current COVID-19 pandemic. The recoverability of the carrying amount of the HMAs are dependent upon the recoverable values determined based on VIU calculations using cash flow projections derived from the most recent financial projections approved by the Directors covering period of six to seven years which was based on the expected commencement operating period of the participating hotels up to the end of the HMAs agreed period.

### Investments in subsidiaries

As at 30 June 2021, as shown in Note 13 to the financial statements, the carrying amount of the Company's investments in subsidiaries amounted to RM204,592,993.

A recent history of losses and significant accumulated losses recorded by certain subsidiaries have resulted in multiple indications that the carrying amount of investments in subsidiaries may be impaired. Accordingly, the Company estimated the recoverable amount of the investments in subsidiaries either based on higher of VIU calculations using cash flow projections derived from the most recent financial forecast approved by the Directors covering five and ten years period or fair value less costs of disposal (as the case may be).

During the financial year, the Company has recognised an impairment loss of RM15,229,852 for its investments in subsidiaries.

### Key Audit Matters (cont'd)

### Impairment Review of Property, Plant and Equipment ("PPE"), Intangible Assets ("IA") and Investments in Subsidiaries (cont'd)

We have identified the impairment review of PPE, IA and investments in subsidiaries as key audit matters as the impairment test involves significant management judgement in estimating the underlying assumptions to be applied in the discounted cash flow projections of the VIU calculations. The recoverable amounts of the Group's PPE and IA and the Company's investments in subsidiaries are subject to key assumptions applied in respect of future revenue growth rate, gross margin, the long-term growth rate and the pre-tax discount rate used in the cash flow projections. A small change in these key assumptions can have a significant impact on the estimation of the recoverable amount.

### Our audit performed and responses thereon

In addressing the matters above, we have performed the following audit procedures to evaluate management's basis and assumptions used in the VIU: -

- Assessed whether the recoverable amounts were prepared by management based on the approved budgets by the Directors;
- Evaluated management's budgeting process by comparing actual results to historical cash flow projections;
- Compared the key assumptions including forecast revenue, gross margin, occupancy rate, average daily rate and discount rate against our knowledge of the Group's historical performance, business and cost management strategies based on facts and circumstances currently available;
- Assessed the adjusted net assets of the subsidiaries in deriving the recoverable amounts (i.e. fair value) of the cost of investments in subsidiaries; and
- Performed a sensitivity analysis by changing certain key assumptions used in the VIU calculations and assessed the impact of the recoverable amount of the PPE, IA and investments in subsidiaries.

### Key Audit Matters (cont'd)

### Revenue and cost recognition

Revenue and cost from property development activity recognised during the financial year as disclosed in Notes 4 and 5 to the financial statements amounted to RM13,425,189 and RM10,938,760 respectively.

Property development revenue is recognised over the period of the project by reference to the progress towards complete satisfaction of the performance obligation. The progress towards complete satisfaction of the performance obligation is measured based on the Group's efforts or inputs to the satisfaction of the performance obligation (i.e. by reference to the property development costs incurred to date as a percentage of the estimated total costs of development of the project).

Judgement is required in determining the progress of property development towards the complete satisfaction of the performance obligation, which include relying on past experience and continuous monitoring of the budgeting process. The management's estimates and judgements affect the cost-based input method computations and the amount of revenue and profit recognised during the year.

We focused on this area because of the magnitude of the revenue and the costs recognised by the Group from these activities, which are based on significant estimates and judgements.

### Our audit performed and responses thereon

In addressing the matters above, we have performed the following audit procedures to assess the revenue recognition: -

- Agreeing to the contracted selling price of the property development units and multiplied with their respective stage of completion;
- Verified the costs incurred against underlying supporting documents such as the sub-contractors' claim certificates and invoices from vendors;
- Checked reasonableness of the stage of completion based on actual costs incurred to date over the estimated total property development costs with architect certificates;
- Performed reasonableness test on accrued contractor costs to be incurred by the Group of which invoice/progress claim has yet to be received;
- Performed re-computation of the percentage of completion and percentage of sales; and
- Examined material non-standard journal entries and other adjustments posted to revenue and cost of sales accounts.

### Information Other than the Financial Statements and Auditors' Report Thereon

The Directors of the Company are responsible for the other information. The other information comprises the information included in the Annual Report but does not include the financial statements of the Group and of the Company and our auditors' report thereon.

Our opinion on the financial statements of the Group and of the Company does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements of the Group and of the Company, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements of the Group and of the Company or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of the other information, we are required to report the fact. We have nothing to report in this regard.

### Responsibilities of the Directors for the Financial Statements

The Directors of the Company are responsible for the preparation of financial statements of the Group and of the Company that give a true and fair view in accordance with Malaysian Financial Reporting Standards, International Financial Reporting Standards and the requirements of the Companies Act 2016 in Malaysia. The Directors are also responsible for such internal control as the Directors determine is necessary to enable the preparation of financial statements of the Group and of the Company that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements of the Group and of the Company, the Directors are also responsible for assessing the Group's and the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Directors either intend to liquidate the Group or the Company or to cease operations, or have no realistic alternative but to do so.

### Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements of the Group and of the Company as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with approved standards on auditing in Malaysia and International Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

### Auditors' Responsibilities for the Audit of the Financial Statements (cont'd)

As part of an audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- (a) Identify and assess the risks of material misstatement of the financial statements of the Group and of the Company, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- (b) Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's and of the Company's internal control.
- (c) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Directors.
- (d) Conclude on the appropriateness of the Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's or the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements of the Group and of the Company or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group or the Company to cease to continue as a going concern.
- (e) Evaluate the overall presentation, structure and content of the financial statements of the Group and of the Company, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- (f) Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the financial statements of the Group. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

### Auditors' Responsibilities for the Audit of the Financial Statements (cont'd)

From the matters communicated with the Directors, we determine those matters that were of most significance in the audit of the financial statements of the Group and of the Company for the current year and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

### Report on Other Legal and Regulatory Requirements

In accordance with the requirements of the Companies Act 2016 in Malaysia, we report that the subsidiary of which we have not acted as auditors, is disclosed in Note 13 to the financial statements.

### Other Matter

This report is made solely to the members of the Company as a body, in accordance with Section 266 of the Companies Act 2016 in Malaysia and for no other purpose. We do not assume responsibility to any other person for the contents of this report.

#### (a) Statement of compliance (cont'd)

### (i) Accounting pronouncements that are effective and adopted during the financial year (cont'd)

Agenda Decision on MFRS 123 Borrowing Costs relating to over time transfer of constructed good

In March 2019, IFRS Interpretation Committee ("IFRIC") published an agenda decision on borrowing costs confirming receivables, contract assets and inventories for which revenue is recognised over time are non-qualifying assets. On 20 March 2019, the Malaysian Accounting Standards Board ("MASB") decided that an entity shall apply the change in accounting policy as a result of the IFRIC Agenda Decision to financial statements of annual periods beginning on or after 1 July 2020.

The adoption of the above pronouncements did not have any significant effect on the financial statements of the Group and of the Company.

### (ii) Accounting pronouncements that are issued but not yet effective and have not been early adopted (cont'd)

#### Effective date to be announced

Amendments to MFRS 10 and MFRS 128

Sale or Contribution of Assets between an Investor and its Associate or Joint Venture

The Group and the Company will adopt the above accounting pronouncements when they become effective in the respective financial periods. These accounting pronouncements are not expected to have any effect to the financial statements of the Group and of the Company upon their initial application.

#### (b) Basis of measurement

The financial statements of the Group and of the Company have been prepared on the historical cost convention except for those disclosed in the accounting policy notes.

#### (c) Functional and presentation currency

These financial statements are presented in Ringgit Malaysia ("RM"), which is the Company's functional currency.

#### (d) Significant accounting estimates and judgements

The summary of accounting policies as described in Note 3 are essential to understand the Group's and the Company's result of operations, financial position, cash flows and other disclosures. Certain of these accounting policies require critical accounting estimates that involve complex and subjective judgements and the use of assumptions, some of which may be for matters that are inherently uncertain and susceptible to change. Directors exercise their judgement in the process of applying the Group's and the Company's accounting policies.

Estimates, assumptions concerning the future and judgements are made in the preparation of the financial statements. They affect the application of the Group's and the Company's accounting policies and reported amounts of assets, liabilities, income and expenses, and disclosures made. Estimates and underlying assumptions are assessed on an on-going basis and are based on experience and relevant factors, including expectations of future events that are believed to be reasonable under the circumstances. The actual results may differ from the judgements, estimates and assumptions made by management, and will seldom equal the estimated results.

The key assumptions concerning the future and other key sources of estimation or uncertainty at the end of the reporting period, that have a significant risk of causing a material adjustment to the carrying amount of assets and liabilities within the next financial year are set out below.

#### (i) Impairment of non-financial assets

When the recoverable amount of an asset is determined based on the estimate of the value-in-use of the cash-generating unit to which the asset is allocated, the management is required to make an estimate of the expected future cash flows from the cash-generating unit and also to apply a suitable discount rate in order to determine the present value of those cash flows.

#### 2. BASIS OF PREPARATION (cont'd)

#### (d) Significant accounting estimates and judgements (cont'd)

#### (ii) Impairment of financial assets

The Group assesses on a forward-looking basis the expected credit loss associated with its debt instruments carried at amortised cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

For trade receivables, the Group applies the simplified approach permitted by MFRS 9, which requires expected lifetime losses to be recognised from initial recognition of the trade receivables.

For other receivables and amounts due from subsidiaries, the Group and the Company apply the approach permitted by MFRS 9, which requires the Group and the Company to measure the allowance for impairment loss for that financial asset at an amount based on the probability of default occurring within the next 12 months considering the loss given default of that financial asset.

#### (iii) Carrying value of investments in subsidiaries

Investments in subsidiaries are reviewed for impairment annually in accordance with its accounting policy whenever events or changes in circumstances indicate that the carrying values may not be recoverable.

Significant judgement is required in the estimation of the present value of future cash flows generated by the subsidiaries, which involves uncertainties and are significantly affected by assumptions and judgements made regarding estimates of future cash flows and discount rates. Changes in assumptions could significantly affect the carrying value of investment in subsidiaries.

#### (iv) Revaluation of properties

All properties of the Group are reported at valuation which is based on valuations performed by independent professional valuers. The independent professional valuers have exercised judgement in determining the fair values of freehold and leasehold lands which were determined based on comparison method with similar lands that have been sold recently and those that are currently being offered for sale in the vicinity with appropriate adjustments made to reflect improvements and other dissimilarities to arrive at the value of the subject lands.

The fair value of the hotel property (leasehold land and building) was determined based on a going concern basis as a fully operational hotel and the valuation comprises the value attributed to the real estate, goodwill and the furniture, fittings and equipment used in the operation of the hotel business. The valuation excludes the stock or credits for payment thereof and assumes all items are unencumbered unless stated to the contrary.

#### (v) Property development

Revenue is recognised over the period of the contract by reference to the progress towards complete satisfaction of that performance obligation.

The progress towards complete satisfaction of the performance obligation is measured based on the Group's efforts or inputs to the satisfaction of the performance obligation (i.e., by reference to the property development costs incurred to date as a percentage of the estimated total costs of development of the contract). In making the estimate, management relies on opinion/service of experts, past experience and a continuous monitoring mechanism.

#### 2. BASIS OF PREPARATION (cont'd)

#### (e) Going concern

The financial statements of the Group and the Company are prepared on the basis of accounting principles applicable to going concern, notwithstanding that the Group and the Company incurred a net loss of RM10,730,489 (30.06.2020: RM62,373,959) and RM22,355,944 (30.06.2020: RM246,046,784) respectively for the financial year ended 30 June 2021 and, as of that date, the Group's and the Company's current liabilities exceeded its current assets by RM4,248,641 (30.06.2020: RM20,600,334) and RM16,370,404 (30.06.2020: RM23,535,788). The outbreak of the COVID-19 pandemic and the measures adopted by authorities to mitigate the spread of COVID-19 have significantly impacted the Group. These measures required the Group to close its hotel operations for certain period of time and halted the progress of its sole development project during the financial year and this has negatively impacted the Group's financial performance for the financial year and its liquidity position. These events or conditions indicate the existence of a material uncertainty that may cast significant doubt on the Group's and the Company's ability to continue as a going concern.

The validity of the Group's and the Company's going concern assumptions are highly dependent on the following measures in responding to the conditions above:

- the Group will resume its hotel operations affected by closure for certain period of time and continue progress of its sole development project which were temporarily halted due to COVID-19 prevention measures undertaken by the authorities;
- (ii) the Group believes that it will continue to enjoy existing credit facilities granted by the financial institutions as it has not defaulted in any repayment obligations for the financial year. The Group also managed to obtain certain moratorium relief measures from the financial institutions as disclosed in Note 26 which enabled the Group to defer payments on its borrowing obligations and ease cash flows of the Group;
- (iii) new capital to be raised via private placement exercises; and
- (iv) drawdown of available banking facilities which are yet to be utilised.

For these reasons, the Directors are of the opinion that the Group and the Company will be able to continue as going concerns for the foreseeable future. The abilities of the Group and of the Company to continue as going concerns is dependent on the implementation of the aforementioned measures, the continuing supports from the lenders, bankers and creditors, and the abilities of the subsidiaries to generate sufficient cash flows to meet the obligations of the Group and of the Company.

Should the going concern basis for the preparation of the financial statements be no longer appropriate, adjustments to the amounts and classification of assets and liabilities may be necessary.

#### 3. SIGNIFICANT ACCOUNTING POLICIES

The accounting policies set out below have been applied consistently to the periods presented in these financial statements.

#### (a) Basis of consolidation

#### Consolidation

The consolidated financial statements comprise the financial statements of the Company and its subsidiaries as at the reporting date. The financial statements of the subsidiary used in the preparation of the consolidated financial statements are prepared for the same reporting date as the Company. Consistent accounting policies are applied for like transactions and events in similar circumstances. The Company controls an investee if and only if the Company has all the following:

- (i) Power over the investee (i.e., existing rights that give it the current ability to direct the relevant power activities of the investee);
- (ii) Exposure, or rights, to variable returns from its investment with the investee; and
- (iii) The ability to use its power over the investee to affect its returns.

When the Company has less than a majority of the voting rights of an investee, the Company considers the following in assessing whether or not the Company's voting rights in an investee are sufficient to give it power over the investee:

- (i) The size of the Company's holding of voting rights relative to the size and dispersion of holdings of the other vote holders;
- (ii) Potential voting rights held by the Company, other vote holders or other parties;
- (iii) Rights arising from other contractual arrangements; and
- (iv) Any additional facts and circumstances that indicate that the Company has, or does not have, the current ability to direct the relevant activities at the time that decisions need to be made, including voting patterns at previous shareholders' meetings.

Subsidiaries are consolidated when the Company obtains control over the subsidiary and ceases when the Company loses control of the subsidiary.

Losses within a subsidiary are attributed to the non-controlling interests even if that results in a deficit balance.

Changes in the Group's ownership interests in subsidiaries that do not result in the Group losing control over the subsidiaries are accounted for as equity transactions. The carrying amounts of the Group's interest and the non-controlling interests are adjusted to reflect the changes in their relative interests in the subsidiaries. The resulting difference is recognised directly in equity and attributed to owners of the Company.

When control ceases, the disposal proceeds and the fair value of any retained investment are compared to the Group's share of the net assets disposed. The difference together with the carrying amount of allocated goodwill and the exchange reserve that relate to the subsidiary is recognised as gain or loss on disposal.

#### **Business combination**

Acquisitions of subsidiaries are accounted for using the acquisition method. The cost of an acquisition is measured as the aggregate of the consideration transferred, measured at acquisition date fair value and the amount of any non-controlling interest in the acquiree. The Group elects on a transaction-by-transaction basis whether to measure the non-controlling interests in the acquiree either at fair value or at the proportionate share of the acquiree's identifiable net assets. Transaction cost incurred are expensed and included in administrative expenses.

#### 3. SIGNIFICANT ACCOUNTING POLICIES (cont'd)

#### (a) Basis of consolidation (cont'd)

#### Business combination (cont'd)

Any contingent consideration to be transferred by the acquirer will be recognised at fair value at the acquisition date. Subsequent changes in the fair value of the contingent consideration which is deemed to be an asset or liability, will be recognised in accordance with MFRS 9 either in profit or loss or a change to other comprehensive income. If the contingent consideration is classified as equity, it will not be remeasured. Subsequent settlement is accounted for within equity.

When the Group acquires a business, it assesses the financial assets and liabilities assumed for appropriate classification and designation in accordance with the contractual terms, economic circumstances and pertinent conditions as at acquisition date. This includes the separation of embedded derivatives in host contracts by the acquiree.

If the business combination is achieved in stages, the acquisition date fair value of the acquirer's previously held equity interest in the acquiree is remeasured to fair value at the acquisition date through profit or loss.

#### Combined financial statements

The Conceptual Framework for Financial Reporting 2018 defines combined financial statements as financial statements of a reporting entity that are not linked by a parent-subsidiary relationship. The requirements for combined financial statements are not yet prescribed in the MFRSs.

The Malaysian Institute of Accountants had issued a practice note, *Guidance Note on Combined Financial Statements*, to provide guidance on the preparation of combined financial statements. The MIA's Guidance Note defines combined financial statements as "financial statements for economic activities that are bound together by common control but are not a legal group. These are usually prepared by aggregating the financial statements of segments, separate entities or components of groups that do not meet the definition of a group under MFRS 10 *Consolidated Financial Statements*".

The following entities and business unit are included in the preparation of combined financial statements in prior financial period:

- Impiana Cherating Sdn Bhd;
- Impiana Pangkor Sdn Bhd;
- Impiana Hotels & Resorts Management Sdn Bhd;
- Astaka Mekar Sdn Bhd; and
- business unit of Impiana Hotel Ipoh Sdn Bhd

(Collectively known as "Impiana Combined Units")

In preparing the combined financial statements of the four combining entities and business unit, the assets, liabilities and equity (including contributed share capital) had been aggregated based on their book values. There is no adjustment required to remeasure the assets and liabilities to their respective fair values.

#### 3. SIGNIFICANT ACCOUNTING POLICIES (cont'd)

#### (a) Basis of consolidation (cont'd)

#### Reverse acquisition accounting

On 21 February 2019, the Company completed its acquisition of the entire interest in the Impiana Combined Units via issuance of 4,647,902,800 units of ordinary shares, 3,098,601,860 units of irredeemable convertible preference shares ("ICPS") and RM25.90 million of cash to shareholders of Impiana Combined Units. This transaction is treated as a reverse acquisition for accounting purpose as the shareholders of Impiana Combined Units became the controlling shareholders of the Company upon the completion of the transaction. Accordingly, Impiana Combined Units (being the legal subsidiaries in the transaction) is regarded as the accounting acquirer, and the Company (being the legal parent in the transaction) is regarded as the accounting acquiree.

The consolidated financial statements represent a continuation of the financial position, financial performance and cash flows of Impiana Combined Units. Accordingly, the consolidated financial statements are prepared on the following basis:

- (a) the assets and liabilities of Impiana Combined Units are recognised and measured in the consolidated statement of financial position of the Group at their preacquisition carrying amounts;
- (b) the assets and liabilities of the Company are recognised and measured in the consolidated statement of financial position of the Group at their acquisition-date fair values:
- (c) the retained earnings and other equity balances recognised in the consolidated financial statements are the retained earnings and other equity balances of Impiana Combined Units immediately before the reverse acquisition;
- (d) the amount recognised as issued equity interests in the consolidated financial statements is determined by adding to the issued equity of Impiana Combined Units immediately before the Reverse Acquisition the fair value of the consideration effectively transferred based on the issue price of the Company's share. However, the equity structure appearing in the consolidated financial statements (i.e., the number and type of equity instruments issued) reflects the equity structure of the legal parent (i.e., the Company), including the equity instruments issued by the Company to effect the reverse acquisition;
- (e) the consolidated statement of comprehensive income for the financial period ended 30 June 2020 reflects the full financial period results of Impiana Combined Units together with the post-acquisition results of the Company; and
- (f) the consolidated statements of financial position as at 1 January 2019 is those of Impiana Combined Units, except for its capital structure which is retroactively adjusted to reflect the legal capital of the accounting acquiree.

The consolidated statement of comprehensive income, consolidated statement of cash flows and consolidated statement of changes in equity of the Group for the financial period ended 30 June 2020 refers to the Group which includes the results of Impiana Combined Units from 1 January 2019 to 30 June 2020 and the post-acquisition results of the Company from the date of completion of the reverse acquisition to 30 June 2020.

#### 3. SIGNIFICANT ACCOUNTING POLICIES (cont'd)

#### (a) Basis of consolidation (cont'd)

Reverse acquisition accounting (cont'd)

Financial statements of the Company

The above accounting method applies only at the consolidated financial statements. In the Company's financial statements, investments in the legal subsidiaries (the Impiana Combined Units) are accounted for at cost less accumulated impairment losses, if any, in the Company's statement of financial position. The initial cost of the investment in the Impiana Combined Units is based on the fair value of the ordinary shares, ICPS issued by the Company and cash consideration as at the acquisition date.

On disposal of such investments, the difference between net disposal proceeds and their carrying amounts is included in the profit or loss.

#### Non-controlling interests

Non-controlling interests represent the equity in subsidiaries not attributable directly or indirectly, to Owners of the Company, and is presented separately in the Group's statements of comprehensive income and within equity in the Group's statements of financial position, separately from equity attributable to Owners of the Company. Non-controlling interest is initially measured at acquisition-date share of net assets other than goodwill as of the acquisition date and is subsequently adjusted for the changes in the net assets of the subsidiary after the acquisition date.

Changes in the Company's ownership interest in a subsidiary that do not result in a loss of control are accounted for as equity transactions. In such circumstances, the carrying amounts of the non-controlling interests are adjusted to reflect the changes in their relative interests in the subsidiary. Any difference between the amount by which the non-controlling interests is adjusted and the fair value of the consideration paid or received is recognised directly in equity and attributed to Owners of the Company.

#### **Associates**

Associates are entities, in which the Group has significant influence, but not control, over the financial and operating policies.

Investments in associates are accounted for in the consolidated financial statements using the equity method less any impairment losses. The cost of the investment includes transaction costs. The consolidated financial statements include the Group's share of the profit or loss and other comprehensive income of the associates, after adjustments if any, to align the accounting policies with those of the Group, from the date that significant influence commences until the date that significant influence ceases.

When the Group's share of losses exceeds its interest in an associate, the carrying amount of that interest including any long-term investments is reduced to zero, and the recognition of further losses is discontinued except to the extent that the Group has an obligation to fund the associate's operations or has made payments on behalf of the associate.

When the Group ceases to have significant influence over an associate, any retained interest in the former associate at the date when significant influence is lost is measured at fair value and this amount is regarded as the initial carrying amount of a financial asset. The difference between the fair value of any retained interest plus proceeds from the interest disposed of and the carrying amount of the investment at the date when equity method is discontinued is recognised in profit or loss.

#### 3. SIGNIFICANT ACCOUNTING POLICIES (cont'd)

#### (a) Basis of consolidation (cont'd)

#### Associates (cont'd)

When the Group's interest in an associate decrease but does not result in a loss of significant influence, any retained interest is not re-measured. Any gain or loss arising from the decrease in interest is recognised in profit or loss. Any gains or losses previously recognised in other comprehensive income are also reclassified proportionately to profit or loss.

#### Transactions eliminated on consolidation

Intra-group balances and transactions, and any unrealised income and expenses arising from intra-group transactions between subsidiaries in the Group, are eliminated in preparing the consolidated financial statements.

Unrealised gains arising from transactions with equity-accounted associate are eliminated against the investment to the extent of the Group's interest in the investees. Unrealised losses are eliminated in the same way as unrealised gains, but only to the extent that there is no evidence of impairment.

#### (b) Foreign currency transactions

Transactions in foreign currencies are converted into the functional currency at rates of exchange ruling at the transaction dates. Monetary assets and liabilities in foreign currencies at the end of each reporting period are translated into the functional currency at rates of exchange ruling at that date. All exchange differences arising from the settlement of foreign currency transactions and from the translation of foreign currency monetary assets and liabilities are included in profit or loss in the period in which they arise. Non-monetary items initially denominated in foreign currencies, which are carried at historical cost are translated using the historical rates as of the date of acquisition, and non-monetary items, which are carried at fair value are translated using the exchange rate that existed when the values were determined for presentation currency purposes.

#### (c) Revenue and other income recognition

#### (i) Revenue from contracts with customers

The Group is in the business of hotel operations, property development, and hotel management services.

Revenue from contracts with customers is recognised by reference to each distinct performance obligation in the contract with customer and is measured at the consideration specified in the contract of which the Group expects to be entitled in exchange for transferring promised goods or services to a customer, net of sales and service tax, returns, rebates and discounts.

The Group recognises revenue when (or as) it transfers control over a product or service to customer. An asset is transferred when (or as) the customer obtains control of that asset. Depending on the substance of the contract, revenue is recognised when the performance obligation is satisfied, which may be at a point in time or over time. The Group transfers control of a good or service at a point in time unless one of the following over time criteria is met:

#### 3. SIGNIFICANT ACCOUNTING POLICIES (cont'd)

#### (c) Revenue and other income recognition (cont'd)

#### (i) Revenue from contracts with customers (cont'd)

- The customer simultaneously receives and consumes the benefits provided as the Group performs.
- The Group's performance creates or enhances an asset that the customer controls as the asset is created or enhanced.
- The Group's performance does not create an asset with an alternative use and the Group has an enforceable right to payment for performance completed to date.

#### Property development revenue

The Group recognises revenue from property development over time if it creates an asset with no alternative use to the Group and the Group has an enforceable right to payment for performance completed to date. Revenue is recognised over the period of the contract by reference to the progress towards complete satisfaction of that performance obligation.

The progress towards complete satisfaction of the performance obligation is measured based on the Group's efforts or inputs to the satisfaction of the performance obligation (i.e., by reference to the property development costs incurred to date as a percentage of the estimated total costs of development of the contract).

#### Technical service revenue

Technical service revenue is recognised upon customers' satisfactory work progress subsequent to consultancy service rendered to the customers.

#### Management service revenue

Management service revenue is recognised when service is rendered to the hotel owners.

#### Marketing fee revenue

Marketing fee revenue are recognised when services are rendered.

#### Hotel room revenue

Hotel room revenue is recognised when service is rendered to the customers over their stay at the hotel. The transaction price is the net amount collected from the customer. Advance deposits on hotel rooms are recorded as customer deposits until services are provided to the customer.

#### Restaurant revenue

Revenue is recognised at point in time upon delivery of foods and beverages to the customers, where all the payments are based on cash on delivery. Accordingly, transaction price is determined based on selling price of the goods.

#### Other hotel-related segments

Revenue is recognised at point in time upon services performed to the customers, where all the payments are based on cash on delivery. Accordingly, transaction price is determined based on market price of the services.

#### 3. SIGNIFICANT ACCOUNTING POLICIES (cont'd)

#### (c) Revenue and other income recognition (cont'd)

#### (i) Revenue from contracts with customers (cont'd)

#### Contract assets and contract liabilities

Contract asset is the right to consideration in exchange for goods or services transferred to the customers. The Group's contract asset is the excess of cumulative revenue earned over the billings to-date.

When there is objective evidence of impairment, the amount of impairment losses is determined by comparing the contract asset's carrying amount and the present value of estimated future cash flows to be generated by the contract asset.

Contract asset is reclassified to trade receivables at the point at which invoices have been billed to customers.

Contract liability is the obligation to transfer goods or services to customers for which the Group has received the consideration or has billed the customer. The Group's contract liability is the excess of the billings to-date over the cumulative revenue earned. Contract liabilities are recognised as revenue when the Group performs its obligation under the contract.

#### (ii) Interest income

Interest income is recognised on a time proportion basis that reflects the effective yield on asset.

#### (iii) Wages subsidy

Government grant/assistance received from Government on wages subsidy is recognised on monthly basis over the qualified period under the criteria set by the Government.

#### (d) Employee benefits

#### (i) Short term employee benefits

Wages, salaries, social security contributions and bonuses are recognised as an expense in the financial year in which the associated services are rendered by employees of the Group. Short-term accumulating compensated absences such as paid annual leave are recognised when services are rendered by employees that increase their entitlement to future compensated absences, and short term non-accumulating compensated absences such as sick leave are recognised when absences occur.

The expected cost of accumulating compensated absences is measured as additional amount expected to be paid as a result of the unused entitlement that has accumulated at the end of the reporting period.

#### (ii) Defined contribution plan

As required by law, companies in Malaysia make contributions to the national pension scheme, the Employees Provident Fund ("EPF"). Such contributions are recognised as an expense as incurred. Once the contributions have been paid, the Group has no further payment obligations.

#### 3. SIGNIFICANT ACCOUNTING POLICIES (cont'd)

#### (e) Borrowing costs

Borrowing costs that are not directly attributable to the acquisition of a qualifying asset are recognised in profit or loss using the effective interest method.

Borrowing costs directly attributable to the acquisition of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are capitalised as part of the cost of those assets.

The capitalisation of borrowing costs as part of the cost of a qualifying asset commences when expenditure for the asset is being incurred, borrowing costs are being incurred and activities that are necessary to prepare the asset for its intended use or sale are in progress. Capitalisation of borrowing costs is suspended or ceases when substantially all the activities necessary to prepare the qualifying asset for its intended use or sale are interrupted or completed.

#### (f) Income taxes

#### Current tax

Tax expense represents the aggregate amount of current and deferred tax. Current tax is the expected amount payable in respect of taxable income for the financial year, using tax rates enacted or substantively enacted by the reporting date, and any adjustments recognised for prior years' tax. When an item is recognised outside profit or loss, the related tax effect is recognised either in other comprehensive income or directly in equity.

#### Deferred tax

Deferred tax is recognised using the liability method, on all temporary differences between the tax base of assets and liabilities and their carrying amounts in the financial statements. Deferred tax is not recognised if the temporary difference arises from the initial recognition of an asset or liability in a transaction, which is not a business combination and at the time of the transaction, affects neither accounting nor taxable profit or loss. Deferred tax is measured at the tax rates that are expected to apply in the period in which the assets are realised or the liabilities are settled, based on tax rates and tax laws that have been enacted or substantively enacted by the reporting date.

Deferred tax assets are recognised only to the extent that there are sufficient taxable temporary differences relating to the same taxable entity and the same taxation authority to offset or when it is probable that future taxable profits will be available against which the assets can be utilised.

Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefits will be realised. Unrecognised deferred tax assets are reassessed at each reporting date and are recognised to the extent that it has become probable that future taxable profit will be available for the assets to be utilised.

Deferred tax assets relating to items recognised outside profit or loss is recognised outside profit or loss. Deferred tax items are recognised in correlation to the underlying transactions either in other comprehensive income or directly in equity and deferred tax arising from business combination is adjusted against goodwill on acquisition or the amount of any excess of the acquirer's interest in the net fair value of the acquiree's identifiable assets, liabilities and contingent liabilities over the acquisition cost.

#### 3. SIGNIFICANT ACCOUNTING POLICIES (cont'd)

#### (g) Leases

#### As a lessee

The Group recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or site on which it is located, less any lease incentives received.

The right-of-use assets and lease liabilities are presented as a separate line in the statements of financial position.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The estimated useful lives of the right-of-use assets are determined as follows:

Office premises

5 years, or over the lease term, if shorter

In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability. The Group applies MFRS 136 to determine whether a right-of-use asset is impaired and accounts for any identified impairment loss as described in Note 3(n)(ii).

The lease liability is initially measured at the present value of the future lease payments at the commencement date, discounted using the Group's incremental borrowing rates. Lease payments included in the measurement of the lease liability include fixed payments, any variable lease payments, amount expected to be payable under a residual value guarantee, and exercise price under an extension option that the Group is reasonably certain to exercise.

The lease liability is measured at amortised cost using the effective interest method. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, or if the Group changes its assessment of whether it will exercise an extension or termination option.

Lease payments associated with short term leases and leases of low value assets are recognised on a straight-line basis as an expense in profit or loss. Short term leases are leases with a lease term of 12 months or less. Low value assets are those assets valued at less than RM20,000 each when purchased new.

#### (h) Earnings per share

Basic earnings per share ("EPS") is calculated by dividing the profit or loss attributable to ordinary shareholders of the Group by the weighted average number of ordinary shares outstanding during the period.

Diluted EPS is determined by adjusting the profit or loss attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding, adjusted for the effects of all dilutive potential ordinary shares, which comprise of ICPS granted to shareholders.

#### 3. SIGNIFICANT ACCOUNTING POLICIES (cont'd)

#### (i) Property, plant and equipment

Property, plant and equipment are measured at cost less accumulated depreciation and accumulated impairment losses.

#### (i) Recognition and measurement

Cost includes expenditures that are directly attributable to the acquisition of the assets and any other costs directly attributable to bringing the asset to working condition for its intended use, cost of replacing component parts of the assets, and the present value of the expected cost for the decommissioning of the assets after their use. The cost of self-constructed assets also includes the cost of materials and direct labour. For qualifying assets, borrowing costs are capitalised in accordance with the accounting policy on borrowing costs. All other repair and maintenance costs are recognised in profit or loss as incurred.

When significant parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

Property, plant and equipment are derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Gains or losses arising on the disposal of property, plant and equipment are determined as the difference between the disposal proceeds and the carrying amount of the assets and are recognised in profit or loss.

The Group revalues its properties comprising land and building every 3 to 5 years and at shorter intervals whenever the fair value of the revalued assets is expected to differ materially from their carrying value. Surpluses arising from revaluation are dealt with in the revaluation reserve account. Any deficit arising is offset against the revaluation reserve to the extent of a previous increase for the same property. In all other cases, a decrease in carrying amount is recognised in profit or loss. When revalued assets are sold, the amounts included in the revaluation surplus reserve are transferred to retained earnings.

#### (ii) Subsequent costs

The cost of replacing part of an item of property, plant and equipment is recognised in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the Group and its cost can be measured reliably. The costs of the day-to-day servicing of property, plant and equipment are recognised in the profit or loss as incurred.

#### (iii) Depreciation

Depreciation is based on the cost of an asset less its residual value. Significant components of individual assets are assessed, and if a component has a useful life that is different from the remainder of that asset, then that component is depreciated separately.

#### 3. SIGNIFICANT ACCOUNTING POLICIES (cont'd)

#### (i) Property, plant and equipment (cont'd)

#### (iii) Depreciation (cont'd)

Depreciation is recognised in the profit or loss on straight line basis over its estimated useful lives of each component of an item of property, plant and equipment at the following annual rates:

Leasehold lands	30 to 87 years
Leasehold building	41 years
Office equipment and furniture and fittings	5 to 10 years
Motor vehicles	5 years
Operating equipment, plant and machinery, signboard	3 to 10 years
Renovation	5 to 10 years

Freehold land has an indefinite useful life and therefore is not depreciated.

Capital work-in-progress is stated at cost less any accumulated impairment losses and includes borrowing cost incurred during the period of construction. No depreciation is provided on capital work-in-progress and upon completion of construction, the cost will be depreciated accordingly.

Depreciation methods, useful lives and residual values are reviewed at end of the reporting period, and adjusted as appropriate.

Fully depreciated property, plant and equipment are retained in the financial statements until they are no longer in use and no further charge for depreciation is made in respect of these property, plant and equipment.

#### (j) Intangible assets

#### Goodwill

Goodwill acquired in a business combination represents the difference between deemed purchase consideration and the net fair value of the identifiable assets, liabilities and contingent liabilities of the business at the date of acquisition.

Goodwill is allocated to cash generating units and is stated at cost less accumulated impairment losses, if any. Impairment test is performed annually. Impairment losses recognised are not reversed in subsequent periods.

Where goodwill has been allocated to a cash-generating unit and part of the operation within that unit is disposed of, the goodwill associated with the disposed operation is included in the carrying amount of the operation when determining the gain or loss on disposal. Goodwill disposed in these circumstances is measured based on the relative values of the disposed operation and the portion of the cash-generating unit retained.

#### 3. SIGNIFICANT ACCOUNTING POLICIES (cont'd)

#### (j) Intangible assets (cont'd)

#### Intellectual property

Intellectual property rights are recognised as intangible asset if it is probable that the future economic benefits that are attributable to such asset will flow to the Group and the costs of such asset can be measured reliably.

Intellectual property rights acquired for the use of certain brand names and trademarks are stated at cost less accumulated amortisation and impairment losses, if any.

The intellectual property rights are assessed for impairment whenever there is an indication that the intangible asset may be impaired.

#### Subsequent expenditure

Subsequent expenditure is capitalised only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditure is recognised in profit or loss as incurred.

#### Amortisation

Amortisation is calculated based on the cost of an asset less its residual value.

Amortisation is recognised in profit or loss on a straight-line basis over the estimated useful lives of intangible assets from the date that they are available for use.

The estimated useful lives for the current and comparative periods are as follows:

Trademarks 15 years
Hotel management rights 15 years

Amortisation methods, useful lives and residual values are reviewed at the end of each reporting period and adjusted, if appropriate.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are not amortised but are tested for impairment annually and whenever there is an indication that they may be impaired.

#### (k) Inventories

Inventories are measured at the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business, less cost to completion and selling expenses.

(i) Food and beverage, and general store

The cost of inventories is measured based on weighted average basis and includes expenditure incurred in acquiring the inventories and other costs incurred in bringing them to their existing location and condition.

#### (ii) Property development costs

Property development costs comprise all costs that are directly attributable to development activities or that can be allocated on a reasonable basis to such activities.

#### 3. SIGNIFICANT ACCOUNTING POLICIES (cont'd)

#### (k) Inventories (cont'd)

#### (ii) Property development costs (cont'd)

When the financial outcome of a development activity can be reliably estimated, property development revenue and expenses are recognised in profit or loss by using the stage of completion method. The stage of completion is determined by the proportion that property development costs incurred for work performed to date bear to the estimated total property development costs.

Where the financial outcome of a development activity cannot be reliably estimated, property development revenue is recognised only to the extent of property development costs incurred that is probable will be recoverable, and property development costs on properties sold are recognised as an expense in the period in which they are incurred.

Any expected loss on a development project, including costs to be incurred over the defect liability period, is recognised as an expense immediately.

Property development costs not recognised as an expense are recognised as an asset, which is measured at the lower of cost and net realisable value.

#### (iii) Land held for property development

Land held for property development consists of land on which no significant development work has been undertaken or where development activities are not expected to be completed within the normal operating cycle. Such land is classified as non-current asset and is stated at lower of cost and net realisable value.

Costs associated with the acquisition of land include the purchase price of the land, professional fees, stamp duties, commissions, conversion fees and other relevant levies.

Land held for property development is transferred to property development costs (under current assets) where development activities have commenced and where the development activities can be completed within the normal operating cycle of the Group.

#### (I) Cash and cash equivalents

Cash and cash equivalents consist of cash at bank and on hand and fixed deposits with licensed banks that are readily convertible to known amount of cash and which are subject to an insignificant risk of changes in value. For the purpose of the statements of cash flows, cash and cash equivalents are presented net of bank overdrafts and pledged deposits, if any.

#### 3. SIGNIFICANT ACCOUNTING POLICIES (cont'd)

#### (m) Financial instruments

#### (i) Initial recognition and measurement

A financial asset or a financial liability is recognised in the statement of financial position when, and only when, the Group or the Company becomes a party to the contractual provisions of the instrument.

A financial asset (unless it is a trade receivable without significant financing component) or a financial liability is initially measured at fair value plus or minus, for an item not at fair value through profit or loss, transaction costs that are directly attributable to its acquisition or issuance. A trade receivable without a significant financing component is initially measured at the transaction price.

An embedded derivative is recognised separately from the host contract where the host contract is not a financial asset, and accounted for separately if, and only if, the derivative is not closely related to the economic characteristics and risks of the host contract and the host contract is not measured at fair value through profit or loss. The host contract, in the event an embedded derivative is recognised separately, is accounted for in accordance with policy applicable to the nature of the host contract.

#### (ii) Financial instrument categories and subsequent measurement

The Group and the Company categorise financial instruments as follows:

#### **Financial assets**

Categories of financial assets are determined on initial recognition and are not reclassified subsequent to their initial recognition unless the Group and the Company change their business model for managing financial assets in which case all affected financial assets are reclassified on the first day of the first reporting period following the change of the business model.

#### Amortised cost

Amortised cost category comprises financial assets that are held within a business model whose objective is to hold assets to collect contractual cash flows and its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. The financial assets are not designated as fair value through profit or loss. Subsequent to initial recognition, these financial assets are measured at amortised cost using the effective interest method. The amortised cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognised in profit or loss. Any gain or loss on derecognition is recognised in profit or loss. Interest income is recognised by applying effective interest rate to the gross carrying amount except for credit impaired financial assets.

All financial assets, are subject to impairment assessment under Note 3(n)(i).

#### 3. SIGNIFICANT ACCOUNTING POLICIES (cont'd)

#### (m) Financial instruments (cont'd)

#### (ii) Financial instrument categories and subsequent measurement (cont'd)

#### **Financial liabilities**

Amortised cost

Other financial liabilities not categorised as fair value through profit or loss are subsequently measured at amortised cost using the effective interest method.

Interest expense and foreign exchange gains and losses are recognised in the profit or loss. Any gains or losses on derecognition are also recognised in the profit or loss.

#### (iii) Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount presented in the statement of financial position when, and only when, the Group or the Company currently have a legally enforceable right to set off the amounts and they intend either to settle them on a net basis or to realise the asset and liability simultaneously.

#### (iv) Financial guarantee contracts

A financial guarantee contract is a contract that requires the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payment when due in accordance with the original or modified terms of a debt instrument.

Financial guarantees issued are initially measured at fair value. Subsequently, they are measured at higher of:

- · the amount of the loss allowance; and
- the amount initially recognised less, when appropriate, the cumulative amount of income recognised in accordance to the principles of MFRS 15 Revenue from Contracts with Customers.

Liabilities arising from financial guarantees are presented together with other provisions.

#### (v) Regular way purchase or sale of financial assets

A regular way purchase or sale is a purchase or sale of a financial asset under a contract whose terms require delivery of the asset within the time frame established generally by regulation or convention in the marketplace concerned.

A regular way purchase or sale of financial assets is recognised and derecognised, as applicable, using trade date accounting. Trade date accounting refers to:

- (a) the recognition of an asset to be received and the liability to pay for it on the trade date; and
- (b) derecognition of an asset that is sold, recognition of any gain or loss on disposal and the recognition of a receivable from the buyer for payment on the trade date.

#### 3. SIGNIFICANT ACCOUNTING POLICIES (cont'd)

#### (m) Financial instruments (cont'd)

#### (vi) Derecognition

A financial asset or part of it is derecognised when, and only when the contractual rights to the cash flows from the financial asset expire or the financial asset is transferred to another party without retaining control or substantially all risks and rewards of the asset. On derecognition of a financial asset, the difference between the carrying amount and the sum of the consideration received (including any new asset obtained less any new liability assumed) and any cumulative gain or loss that had been recognised in equity is recognised in profit or loss.

A financial liability or a part of it is derecognised when, and only when, the obligation specified in the contract is discharged or cancelled or expires. On derecognition of a financial liability, the difference between the carrying amount of the financial liability extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss.

#### (n) Impairment of assets

#### (i) Financial assets

The Group and the Company recognise loss allowances for expected credit losses ("ECLs") on financial assets measured at amortised cost and contract assets. Expected credit losses are a probability-weighted estimate of credit losses.

Loss allowances of the Group and of the Company are measured on either of the following bases: -

- (a) 12-month ECLs represents the ECLs that result from default events that are possible within the 12 months after the reporting date (or for a shorter period if the expected life of the instrument is less than 12 months); or
- (b) Lifetime ECLs represents the ECLs that will result from all possible default events over the expected life of a financial instrument or contract asset.

The impairment methodology applied depends on whether there has been a significant increase in credit risk.

#### Simplified approach - trade receivables and contract assets

The Group and the Company apply the simplified approach to provide ECLs for all trade receivables and contract assets as permitted by MFRS 9. The simplified approach required expected lifetime losses to be recognised from initial recognition of the receivables. The expected credit losses on these financial assets are estimated using a provision matrix based on the Group and the Company's historical credit loss experience, adjusted for factors that are specific to the debtors, general economic conditions and an assessment of both the current as well as the forecast direction of conditions at the reporting date, including time value of money where applicable.

#### General approach - other financial instruments and financial guarantee contracts

The Group and the Company apply the general approach to provide for ECLs on all other financial instruments, which requires the loss allowance to be measured at an amount equal to 12-month ECLs at initial recognition.

#### 3. SIGNIFICANT ACCOUNTING POLICIES (cont'd)

#### (n) Impairment of assets (cont'd)

#### (i) Financial assets (cont'd)

General approach - other financial instruments and financial guarantee contracts (cont'd)

At each reporting date, the Group and the Company assess whether the credit risk of a financial instrument has increased significantly since initial recognition. When credit risk has increased significantly since initial recognition, loss allowance is measured at an amount equal to lifetime ECLs. In assessing whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating ECLs, the Group and the Company consider reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Group's and the Company's historical experience and informed credit assessment and including forward looking information, where available.

If credit risk has not increased significantly since initial recognition or if the credit quality of the financial instruments improves such that there is no longer a significant increase in credit risk since initial recognition, loss allowance is measured at an amount equal to 12-month ECLs.

The Group and the Company consider an event of default for internal credit risk management purposes when the borrower is unlikely to pay its credit obligations to the Group and the Company in full, without recourse by the Group and the Company to actions such as realising security (if any is held).

The Group and the Company consider a financial guarantee contract to be in default when the debtor of the loan is unlikely to pay its credit obligations to the creditors and the Group and the Company in full, without recourse by the Group and the Company to actions such as realising security (if any is held). The Group and the Company only apply a discount rate if, and to the extent that, the risks are not taken into account by adjusting the expected cash shortfalls.

The maximum period considered when estimating ECLs is the maximum contractual period over which the Group and the Company are exposed to credit risk.

#### Credit impaired financial assets

At each reporting date, the Group and the Company assess whether financial assets carried at amortised cost is credit impaired. A financial asset is credit impaired when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

Evidence that a financial asset is credit impaired includes the observable data about the following events:

- Significant financial difficulty of the borrower or issuer;
- A breach of contract such as a default or past due event (e.g being more than 90 to 270 days past due);
- The lender of the borrower, for economic or contractual reasons relating to the borrower's financial difficulty, having granted to the borrower a concession that the lender would not otherwise consider (e.g the restructuring of a loan or advance by the Group and the Company on terms that the Group and the Company would not consider otherwise);
- It is becoming probable that the borrower will enter bankruptcy or other financial reorganisation; or
- The disappearance of an active market for security because of financial difficulties.

#### 3. SIGNIFICANT ACCOUNTING POLICIES (cont'd)

#### (n) Impairment of assets (cont'd)

#### (i) Financial assets (cont'd)

#### Write-off policy

The gross carrying amount of a financial asset is written off (either partially or full) to the extent that there is no realistic prospect of recovery. This is generally the case when the Group and Company determine that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Group's and the Company's procedures for recovery of amounts due. Any recoveries made are recognised in profit or loss.

#### (ii) Non-financial assets

The carrying amounts of non-financial assets (except for inventories) are reviewed at the end of each reporting period to determine whether there is any indication of impairment. If any such indication exists then the asset's recoverable amount is estimated.

An impairment loss is recognised if the carrying amount of an asset or its cashgenerating unit exceeds its recoverable amount. Impairment losses are recognised immediately in profit or loss, unless the asset is carried at a revalued amount, in which such impairment loss is recognised directly against any revaluation surplus of the assets to the extent that the impairment loss does not exceed the amount in the revaluation surplus for that same asset. A cash-generating unit is the smallest identifiable asset group that generates cash flow that largely are independent from other assets and groups.

The recoverable amount of an asset or cash-generating units is the greater of its value in use and its fair value less cost to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessment of time value of money and the risks specific to the asset.

Except for goodwill, assets that were previously impaired are reviewed for possible reversal of the impairment at the end of each reporting period. Any subsequent increase in recoverable amount is recognised in the profit or loss unless it reverses an impairment loss on a revalued asset in which case it is taken to revaluation reserve. Reversal of impairment loss is restricted by the carrying amount that would have been determined had no impairment loss been recognised for the asset in prior years.

An impairment loss recognised for goodwill is not reversed.

An impairment loss is recognised for the amount by which the carrying amount of the subsidiary or associate exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs to sell and present value of the estimated future cash flows expected to be derived from the investment including the proceeds from its disposal. Any subsequent increase in recoverable amount is recognised in profit or loss.

#### 3. SIGNIFICANT ACCOUNTING POLICIES (cont'd)

#### (o) Equity instrument

An equity instrument is any contract that evidences a residual interest in the assets of the Group and of the Company after deducting all of their liabilities.

#### Ordinary shares

Ordinary shares are recorded at the proceeds received, net of directly attributable incremental transaction costs. Dividends on ordinary shares are recognised in equity in the period in which they are declared.

#### Irredeemable convertible preference shares ("ICPS")

Preference share capital is classified as equity if it is non-redeemable and any dividends are at the Company's discretion. Dividends thereon are recognised as distributions within equity.

#### (p) Operating segment

Operating segments are defined as components of the Group that:

- (a) engage in business activities from which it could earn revenues and incur expenses (including revenues and expenses relating to transactions with other components of the Group);
- (b) whose operating results are regularly reviewed by the chief operating decision maker of the Group in making decisions about resources to be allocated to the segment and assessing its performance; and
- (c) for which discrete financial information is available.

The Group reports separately information about each operating segment that meets any of the following quantitative thresholds:

- (a) its reported revenue, including both sales to external customers and intersegment sales or transfers, is 10% or more of the combined revenue, internal and external, of all operating segments.
- (b) the absolute amount of its reported profit or loss is 10% or more of the greater, in absolute amount of:
  - (i) the combined reported profit of all operating segments that did not report a loss;
  - (ii) the combined reported loss of all operating segments that reported a loss.
- (c) its assets are 10% or more of the combined assets of all operating segments.

Operating segments that do not meet any of the quantitative thresholds may be considered reportable, and separately disclosed, if the management believes that information about the segment would be useful to users of the financial statements.

Total external revenue reported by operating segments shall constitute at least 75% of the revenue of the Group. Operating segments identified as reportable segments in the current financial year in accordance with the quantitative thresholds would result in a restatement of prior period segment data for comparative purposes.

## 3. SIGNIFICANT ACCOUNTING POLICIES (cont'd)

#### (q) Provisions

A provision is recognised if, as a result of a past event, the Group has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The unwinding of the discount is recognised as finance cost.

#### (r) Fair value measurements

Fair value of an asset or a liability, except for share-based payment and lease transactions, is determined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The measurement assumes that the transaction to sell the asset or transfer the liability takes place either in the principal market or in the absence of a principal market, in the most advantageous market.

When measuring the fair value of an asset or a liability, the Group and the Company used observable market data as far as possible. Fair values are categorised into different levels in a fair value hierarchy based on the input used in the valuation technique as follows:

- Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities that the Group and the Company can access at the measurement date.
- Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3: Unobservable inputs for the asset or liability.

The Group and the Company recognise transfers between levels of the fair value hierarchy as of the date of the event or change in circumstances that caused the transfers.

The availability of the unutilised tax losses will be subject to Inland Revenue Board discretion and approval to offset against future taxable profit.

Any unutilised tax losses in a year of assessment ("YA") can only be allowed to carry forward up to a maximum of 7 consecutive years of assessment effective from YA 2019.

#### 8. LOSS PER ORDINARY SHARE

#### Basic loss per ordinary share

Basic loss per ordinary share for the financial year is calculated by dividing the loss after tax attributable to Owners of the Company by the weighted average number of ordinary shares outstanding during the financial year.

The weighted average number of ordinary shares for the financial period ended 30 June 2020 is calculated using the number of ordinary shares issued by the Company for the reverse acquisition, which is the number of shares deemed to be outstanding from the beginning of the year to the reverse acquisition date, and the number of ordinary shares of the Company outstanding from the reverse acquisition date to the end of the period.

## (a) Assets pledged as security

Freehold land, leasehold lands and building with a total carrying amount of RM58,984,726 (30.06.2020: RM60,100,000) have been pledged to a licensed bank as securities for credit facilities granted to the Group as disclosed in Note 26.

## (b) Revaluation of freehold land, leasehold lands and building

Freehold land, leasehold lands and building were revalued on 30 June 2020 and were performed by registered independent valuers having an appropriate recognised professional qualification and recent experience in the location and category of the properties being valued.

The fair values of the freehold and leasehold lands were determined based on comparison method with similar lands that have been sold recently and those that are currently being offered for sale in the vicinity with appropriate adjustments made to reflect improvements and other dissimilarities to arrive at the value of the subject lands.

#### 9. PROPERTY, PLANT AND EQUIPMENT (cont'd)

(b) Revaluation of freehold land, leasehold lands and building (cont'd)

The fair value of the hotel property (leasehold and building) was determined based on a going concern basis as a fully operational hotel and the valuation comprises the value attributed to the real estate, goodwill and the furniture, fittings and equipment used in the operation of the hotel business. The valuation excludes the stock or credits for payment thereof and assumes all items are unencumbered unless stated to the contrary.

The fair value of the freehold and leasehold lands and building are categorised at Level 3 of the fair value hierarchy and were estimated using unobservable inputs for the properties. The most significant inputs into this valuation approach are location, size, age and condition of tenure and title restriction, if any.

If the freehold and leasehold lands currently carried at valuation were measured using the cost model, the carrying amounts would have been as follows:

	Gro Net carryin	•
	2021	2020
At historical cost	RM	RM
Freehold land	766,961	766,961
Leasehold lands	10,398,817	10,525,848
Leasehold building	17,443,260	17,809,203
	28,609,038	29,102,012

(c) The Group has carried out an impairment assessment on the property, plant and equipment in view of the disruption to the Group's hospitality business segment caused by the COVID-19 pandemic which has resulted in a significant impact on the Group's hotel operations of the main operating subsidiary. The recoverable amount of the property, plant and equipment is determined based on VIU cash flow projections derived from the most recent financial forecast approved by the Directors covering a ten-year period and based on the impairment assessment performed, no impairment loss has been recognised for the property, plant and equipment. The key assumptions used in the VIU cash flow projections for impairment testing are disclosed in Note 13(c).

The Group has carried out an impairment assessment on the hotel management rights derived from hotel management agreements ("HMAs") as the participating hotels have yet to commence their hotel operations and the subsidiary's revenue which is dependent upon percentage of revenue to be generated by the participating hotels would be impacted by the current COVID-19 pandemic. The recoverable amount of HMAs is determined based on VIU calculations using cash flow projections derived from the most recent financial projections approved by the Directors covering period of six to seven years which was based on the expected commencement operating period of the participating hotels up to the end of the HMAs agreed period. Based on the impairment assessment performed, no impairment loss has been recognised for the hotel management rights. The key assumptions used in the VIU cash flow projections for impairment testing are disclosed in Note 13(c).

- (a) The reverse acquisition, (i.e., acquisition of the equity interest in Impiana Combined Units) was completed on 21 February 2019. As Impiana Combined Units is a private entity group, the fair value of the Company's shares provides a more reliable basis for measuring the consideration transferred than the estimated fair value of the shares in Impiana Combined Units. The consideration transferred is determined using the fair value of the issued equity of the Company before the acquisition and the number of new ordinary shares Impiana Combined Units would have to issue to the equity holders of the Company to maintain the ratio of ownership interest in the combined entity, being a combination of 4,647,902,800 ordinary shares and 3,098,601,860 of ICPS-A of the Company issued at RM0.05 per ordinary share and ICPS-A respectively.

Impiana Combined Units is regarded as accounting acquirer, and Impiana Hotels Berhad, is regarded as the accounting acquiree in the reverse acquisition.

For accounting purposes, the cut-off was taken on 28 February 2019.

The acquisition of business unit of Impiana Hotel Ipoh Sdn. Bhd. by the Company's subsidiary of RM40,408,874 was financed by the Company, being a combination of cash consideration of RM25,900,000, 174,106,480 ordinary shares and 116,071,000 of ICPS-A of the Company issued at RM0.05 per ordinary share and ICPS-A respectively.

### 13. INVESTMENTS IN SUBSIDIARIES (cont'd)

(a) The fair value of the identifiable assets and liabilities of Impiana Hotels Berhad and its subsidiary arising from the acquisition are as follows:

	As at 28.02.2019 RM
Property, plant and equipment	15,975
Intangible assets	11,886,781

- (b) On 21 February 2019, the Group acquired 6,250,000 ordinary shares of Impiana Ipoh Sdn. Bhd. ("IISB"), representing the remaining equity interest of 25% for total consideration of RM12,674,767. Total consideration includes a combination of 152,097,200 ordinary shares and 101,398,140 of ICPS-A of the Company issued at RM0.05 per ordinary share and ICPS-A respectively.
  - Consequently, IISB became a wholly-owned subsidiary of the Group. The carrying amount of IISB's adjusted net assets in the Group's financial statements on the date of acquisition was RM26,020,480. The Group recognised a decrease in non-controlling interest of RM6,572,238 and increase in accumulated losses of RM6,102,529 in prior financial period.
- (c) As at 30 June 2021, the Company carried out a review of the recoverable amounts of its investments in subsidiaries that are in loss-making and significant accumulated losses position. An impairment loss amounting to RM15,229,852 (30.06.2020: RM205,907,523) was recognised as "Other Expenses" line item in the Statements of Comprehensive Income for the financial year ended 30 June 2021. The recoverable amounts of subsidiaries have been determined based on higher of value-in-use ("VIU") calculation using cash flows projection from financial budgets approved by Board of Directors covering five and ten years period and fair value less costs of disposal which was measured based on adjusted net assets of the subsidiaries.

#### 13. INVESTMENTS IN SUBSIDIARIES (cont'd)

(c) In determining the VIU calculations, the key assumptions used are as follows: -

#### IISB (hotel operation)

- Pre-tax discount rate of 9.74%;
- Estimated occupancy rate ranging from 39% to 80% and estimated average daily rate ("ADR") ranging from RM148 to RM188; and
- Gross margins are based on the historical performance achieved in the past preceding to the start of the budget period. Gross margins are assumed to be maintained over the budgeted period.

#### IHRM (hotel management services)

- Pre-tax discount rate of 9.23%;
- Projected management fee which will be charged upon projected room revenue, food and beverage revenue and other revenue of participating hotels based on their estimated occupancy and ADR rates; and
- Gross margins are based on the historical performance achieved in the past preceding to the start of the budget period. Gross margins are assumed to be maintained over the budgeted period.

#### ICSB (property development)

- Pre-tax discount rate of 11.23%;
- There will be no material changes in the development project; and
- There will not be any significant changes in the gross development value and cost, wages and other related costs, resulting from industrial dispute, adverse changes in economic conditions or other abnormal factors, which will adversely affect the operations ICSB.

Management believes that any reasonably possible change in the key assumptions on which the subsidiary's recoverable amount is based on would not cause the carrying amount to exceed its recoverable amount. Actual outcomes could vary from these estimates. Management considered that any reasonably possible changes in the above key assumptions applied are not likely to cause the recoverable amount of the subsidiary to be lower than its carrying amount.

# (d) Changes in group structure

# Incorporation of direct and indirect subsidiaries

On 9 December 2020, the Company incorporated a new wholly-owned subsidiary, Impiana Tioman Villas & Residences Sdn. Bhd. ("ITVR") "), with 2 ordinary shares of RM1 each as subscriber's shares

On 10 February 2021, ITVR incorporated a wholly-owned subsidiary, Impiana Selo Tioman Resorts Sdn. Bhd. ("ISTR"), with 2 ordinary shares of RM1 each as subscriber's shares. Subsequently, the share capital of ISTR was increased from RM2 to RM5,000 on 30 June 2021 by way of issuance of 4,998 ordinary shares.

#### Reduction of equity stake in indirect subsidiary

On 30 June 2021, 1,250 ordinary shares or 25% equity of ISTR was transferred to Selo Tioman Resort Holdings Ltd ("STRHL") pursuant to the Joint Development Agreement ("JDA") as disclosed in Note 38. Consequently, ISTR became a 75% owned subsidiary of ITVR upon completion of the 1,250 ordinary shares or 25% equity transferred to STRHL.

(a) The holders of ordinary shares are entitled to receive dividends as and when declared by the Company, and are entitled to one vote per ordinary share at meetings of the Company. The ordinary shares have no par value.

#### (b) 30.06.2020

On 9 April 2019, the Company has increased its issued ordinary shares from RM42,298,835 to RM282,298,835 by the issuance and allotment of 4,800,000,000 new ordinary shares at an issue price of RM0.05 per share together with the issuance of ICPS-A as disclosed in Note 13(a) for the purpose of acquisition of subsidiaries and to increase the Company's equity interest in an existing subsidiary.

On 25 October 2019, 2 December 2019 and 30 January 2020, a total of 1,052,000,000 of irredeemable convertible preference shares-A ("ICPS-A") were converted into 1,052,000,000 ordinary shares at a conversion ratio of 1 ICPS-A for 1 new ordinary share, hence the Company paid-up ordinary shares have increased from RM282,298,835 to RM334,898,835.

\*The abovementioned shares were issued prior to the consolidation of 10 existing shares into 1 new share on 7 February 2020.

On 21 February 2020, 25 February 2020 and 4 June 2020, a total of 1,100,000,000 of ICPS-A were converted into 110,000,000 ordinary shares at the ratio of 10 ICPS-A for 1 new ordinary share, hence the Company paid-up ordinary shares have increased from RM334,898,835 to RM389,898,835.

On 12 June 2020, the Company has increased its issued ordinary shares from RM389,898,835 to RM394,400,635 through private placement by the issuance and allotment of 61,000,000 new ordinary shares at an issue price of RM0.0738 per share for working capital purpose.

#### 30.06.2021

On 2 July 2020, a total of 100,000,000 of ICPS-A were converted into 10,000,000 ordinary shares at the conversion ratio of 10 ICPS-A for 1 new ordinary share, hence the paid-up ordinary shares have increased from RM394,400,635 to RM399,400,635.

On 9 September 2020, the Company increased its issued ordinary shares from RM399,400,635 to RM407,342,632 through private placement by the issuance and allotment of 91,815,000 new ordinary shares at an issue price of RM0.0865 per share for working capital purpose.

#### 22. ORDINARY SHARES (cont'd)

#### (b) <u>30.06.2021</u> (cont'd)

On 2 November 2020, the Company increased its issued ordinary shares from RM407,342,632 to RM409,592,632 through private placement by the issuance and allotment of 30,000,000 new ordinary shares at an issue price of RM0.075 per share for working capital purpose.

On 10 November 2020 and 26 November 2020, a total of 615,162,440 of ICPS-A were converted into 61,516,244 ordinary shares at the conversion ratio of 10 ICPS-A for 1 new ordinary share, hence the paid-up ordinary shares have increased from RM409,592,632 to RM440,350,754.

On 21 December 2020, 27 April 2021 and 19 May 2021, the Company increased its issued ordinary shares from RM440,350,754 to RM444,444,629 through private placement by the issuance and allotment of 17,185,000, 25,000,000 and 14,000,000 new ordinary shares at an issue price of RM0.075, RM0.073 and RM0.07 respectively per share for working capital purpose.

On 3 June 2021, the Company increased its issued ordinary shares from RM444,444,629 to RM445,413,869 through debt capitalisation of RM969,240 which formed part of the restructuring exercise in prior financial period by the issuance and allotment of 10,769,333 new ordinary shares at an issue price of RM0.09 per share for working capital purpose.

On 21 June 2021 and 28 June 2021, a total of 120,183,000 of ICPS-B were converted into 120,183,000 ordinary shares at the conversion ratio of 1 ICPS-B for 1 new ordinary share, hence the paid-up ordinary shares have increased from RM445,413,869 to RM456,230,339.

The new ordinary shares issued during the financial year rank pari passu in all respects with the existing ordinary shares of the Company.

- (c) The Group's ordinary shares amount differs from that of the Company as a result of reverse acquisition accounting as described in Note 3(a).
  - (i) The amount recognised as issued equity instruments in the consolidated financial statements includes the issued equity of Impiana Combined Units immediately before the reverse acquisition to the costs of the reverse acquisition.
  - (ii) This represents the fair value of the consideration transferred in relation to the reverse acquisition. As Impiana Combined Units is a private entity group, the fair value of the Company's shares provides a more reliable basis for measuring the consideration transferred than the estimated fair value of the share in Impiana Combined Units. The consideration transferred is determined using the fair value of the issued equity of the Company before the acquisition and the number of new ordinary shares Impiana Combined Units would have to issue to the equity holders of the Company to maintain the ratio of ownership interest in the combined entity.
  - (iii) This represents the purchase consideration for the Company's acquisition of Impiana Combined Units which was satisfied by the allotment and issuance of 4,647,902,800 ordinary shares and 3,098,601,860 of ICPS-A of the Company issued at RM0.05 per ordinary share and ICPS-A respectively in the capital of the Company on 28 February 2019 and RM25,900,000 in cash.
  - (iv) The equity structure (i.e., the number and types of equity instruments issued) reflect the equity structure of the Company, being the legal parent, including the equity instruments issued by the Company to effect the reverse acquisition.

#### 30.06.2020

On 9 April 2019, the Company has issued and allotted 3,200,000,000 ICPS-A of RM160,000,000 at an issue price of RM0.05 per share for the purpose of acquisition of subsidiaries and to increase the Company's equity interest in an existing subsidiary as disclosed in Note 13(a) and 13(b).

On 25 October 2019, 2 December 2019 and 30 January 2020, the total ICPS of the Company decreased from RM160,000,000 to RM107,400,000 by way of conversion of 1,052,000,000 ICPS-A for 1,052,000,000 new ordinary shares at a conversion ratio of 1 ICPS-A for 1 new ordinary share.

\*The abovementioned ICPS-A were issued prior to the consolidation of 10 existing ICPS-A into 1 new ICPS-A on 7 February 2020.

On 21 February 2020, 25 February 2020 and 4 June 2020, the total ICPS of the Company decreased from RM107,400,000 to RM52,400,000 by way of conversion of 1,100,000,000 ICPS-A to 110,000,000 new ordinary shares at the ratio of 10 ICPS-A for 1 new ordinary share.

#### 23. IRREDEEMABLE CONVERTIBLE PREFERENCE SHARES ("ICPS") (cont'd)

#### 30.06.2021

On 2 July 2020, 10 November 2020, and 26 November 2020, the total ICPS of the Company decreased from RM52,400,000 to RM16,641,878 by way of conversion of 715,162,440 ICPS-A to 71,516,244 new ordinary shares at the ratio of 10 ICPS-A for 1 new ordinary share.

On 16 April 2021, the Company has issued and allotted 228,000,000 new ICPS-B at an issue price of RM0.09 per share for the purpose of debt capitalisation of RM20,520,000 which formed part of the restructuring exercise in prior financial period and the total ICPS of the Company increased from RM16,641,878 to RM37,161,878.

On 21 June 2021 and 28 June 2021, the total ICPS of the Company decreased from RM37,161,878 to RM26,345,408 by way of conversion of 120,183,000 ICPS-B to 120,183,000 new ordinary shares at the ratio of 1 ICPS-B for 1 new ordinary share.

The salient terms of ICPS-A and ICPS-B are as follows:

#### ICPS-A

#### (a) Issue

The ICPS-A shall be irredeemable convertible preference shares and each ICPS-A confers on the ICPS-A holder for the time being the rights, privileges and restriction set out in the Constitution, at an issue price of RM0.05 per share.

# (b) Dividend

Dividend rate shall be at the discretion of the Company and subject to availability of distributable profits. The pay out of such dividends is as the Board of the Company may so decide.

# (c) Ranking of the ICPS-A

The ICPS-A will rank equally in all respects with each other and will rank in priority to all other class of securities of the Company in respect of capital repayments and dividends. The right on a winding-up or return of capital shall rank prior to the holders of any other ordinary shares then in issue.

#### (d) Conversion

#### (i) Entitlement to convert

The ICPS-A Holder may convert the ICPS-A into new ordinary share of the Company at the Conversion Ratio at any time during the tenure of 5 years commencing and including the date of issuance.

Any outstanding unconverted ICPS-A at the end of the tenure will be automatically converted into new ordinary share of the Company at the Conversion Ratio.

Any fractions arising from the conversion of the ICPS-A will be disregarded.

#### (ii) Conversion ratio

The ICPS-A will be convertible, at the option of the ICPS-A Holder at the ratio of 1 ICPS-A for 1 new ordinary share of the Company without payment of any consideration.

The Group's and the Company's financial assets and financial liabilities are all categorised at amortised costs.

#### **Financial Risk Management Objectives and Policies**

The Group's financial risk management policy is to ensure that adequate financial resources are available for the development of the Group's operations whilst managing its financial risks, including credit risk, interest risk, foreign currency risk and liquidity risk. The Group operates within clearly defined guidelines that are approved by the Board and the Group's policy is not to engage in speculative transactions.

The following sections provide details regarding the Group's and the Company's exposure to the abovementioned financial risks and the objectives, policies and processes for the management of these risks.

#### (a) Credit risk

Credit risk is the risk of a financial loss to the Group if a customer or counterparty to a financial instrument fails to meet its contractual obligations. The Group's exposure to credit risk arises principally from its receivables (which consist of trade and other receivables) and contract assets. The Company's exposure to credit risk arises principally from loans and advances to subsidiaries. There are no significant changes as compared to prior period.

#### (a) Credit risk (cont'd)

#### Trade receivables and contract assets

#### Risk management objectives, policies and processes for managing the risk

Management has a credit policy in place and the exposure to credit risk is monitored on an ongoing basis. Credit risk is minimised and monitored via strictly limiting the Group's associations to business partners with good credit rating. Credit evaluations are performed on all customers requiring credit over a certain amount.

At each reporting date, the Group assesses whether any of the trade receivables and contract assets are credit impaired. The gross carrying amounts of credit impaired receivables are written off (either partially or full) when there is no realistic prospect of recovery. This is generally the case when the Group determines that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to write-off.

There are no significant changes as compared to previous period.

#### Exposure to credit risk, credit quality and collateral

As the Group does not hold any collateral, the maximum exposure to credit risk is represented by the carrying amounts of the financial assets in the statements of financial position as at the end of the reporting period.

#### Concentration of credit risk

The Group determines concentration of credit risk by monitoring the profiles of its receivables on an ongoing basis.

As at the reporting date, the Group has significant concentration of credit risk arising from the amounts owing from 3 customers (2020: 1 customer) constituting 75% (2020: 92%) of gross trade receivables of the Group.

#### Recognition and measurement of impairment loss

Trade receivables and contract assets from property development segment ("collateralised receivables")

The Group recognises a loss allowance for expected credit losses on a financial asset that is measured as receivable and a contract asset if the credit risk on that financial instrument has increased significantly since initial recognition. The Group assumes that the credit risk on a financial instrument has not increased significantly since initial recognition as the trade receivables and contract assets are determined to have low credit risk at the reporting date.

For the purposes of measuring expected credit losses, the estimate of expected cash shortfalls shall reflect the cash flows expected from collateral and other credit enhancements that are part of the contractual terms and are not recognised separately by the Group. The estimate of expected cash shortfalls on a collateralised financial instrument reflects the amount and timing of cash flows that are expected from foreclosure on the collateral less the costs of obtaining and selling the collateral, irrespective of whether foreclosure is probable (i.e., the estimate of expected cash flows considers the probability of a foreclosure and the cash flows that would result from it).

Recognition and measurement of impairment loss (cont'd)

Trade receivables and contract assets from property development segment ("collateralised receivables") (cont'd)

The Group has possession of the legal right to the property sold during construction and can be deemed as a collateral. In the event of defaults by the purchaser, the expected cash shortfall from selling the property less the cost of obtaining and selling the property is immaterial.

Trade receivables from hospitality business segment ("non-collateralised receivables")

In managing credit risk of trade receivables, the Group manages its debtors and takes appropriate actions (including but not limited to legal actions) to recover long overdue balances and to ensure that receivables that are neither past due nor impaired are stated at their realisable values. Any receivables having significant balances past due more than 90 to 270 days expiry of credit term granted, which are deemed to have higher credit risk, are monitored individually.

The Group assesses impairment of trade receivable on individual basis as the Group has reasonable and supportable information available to assess the impairment individually.

For individual assessment, it is due to different risk characteristics, the number of debtors is minimal and these debtors can be individually managed by the Group in an effective and efficient manner. All these customers have low risk of default.

#### Impairment losses

The following table provides information about the exposure to credit risk and ECLs for trade receivables and contract assets as at the reporting date which are grouped together as they are expected to have similar risk nature.

#### Receivables that are neither past due nor impaired

#### Property development segment

Trade receivables that are neither past due nor impaired comprise property purchasers with end financing facilities from reputable end-financiers whilst the others are creditworthy debtors with good payment records.

#### Hospitality business segment

Trade receivables that are neither past due nor impaired are creditworthy debtors with good payment records and mostly are regular customers that have been transacting with the Group.

#### Receivables that are past due but not impaired

#### Property development segment

Collaterised trade receivables that are past due but not impaired are secured in nature. The Directors are of the opinion that these debts should be realisable in full without material losses in the ordinary course of business.

#### Financial Risk Management Objectives and Policies (cont'd)

#### (a) Credit risk (cont'd)

#### Trade receivables and contract assets (cont'd)

Receivables that are past due but not impaired (cont'd)

#### Hospitality business segment

The Group has not provided for impairment for these non-collateralised trade receivables as there has been no significant changes in their credit quality and the amounts are still considered recoverable. These debtors relate mostly to customers with slower repayment patterns, for whom there is no history of default and certain balances were settled subsequent to the reporting date. The Group does not hold any collateral or other credit enhancement over these balances.

#### Credit impaired

Trade receivables that are individually determined to be impaired at the reporting date relate to debtors that have defaulted on payments and due more than 90 to 270 days after expiry of credit terms granted. These receivables are not secured by any collateral or credit enhancements.

#### Amounts due from subsidiaries

#### Risk management objectives, policies and processes for managing the risk

The Company provides unsecured loans and advances to its subsidiaries. The Company monitors the abilities of the subsidiaries to repay the loans and advances on an individual basis.

#### Exposure to credit risk, credit quality and collateral

As at the end of the financial year, the maximum exposure to credit risk arising from amounts due from subsidiaries are represented by the carrying amount in the statements of financial position. Loans and advances provided are not secured by any collateral or supported by any other credit enhancements.

#### Recognition and measurement of impairment loss

Amounts due from subsidiaries are repayable on demand. For receivables that are repayable on demand, expected credit losses are assessed based on the assumption that repayment of the receivables is demanded at the reporting date.

Generally, the Company considers loans and advances to subsidiaries have low credit risk. The Company assumes that there is a significant increase in credit risk when the subsidiaries' financial positions deteriorate significantly. As the Company is able to determine the timing of payments of the subsidiaries when they are payable, the Company considers loans and advances to subsidiaries' to be credit impaired when the subsidiaries are unlikely to repay the loans and advances to the Company in full given insufficient highly liquid resources when the loans and advances are demanded.

The Company determines the probability of default for these receivables individually using internal information available.

#### 33. FINANCIAL INSTRUMENTS (cont'd)

#### Financial Risk Management Objectives and Policies (cont'd)

#### (a) Credit risk (cont'd)

#### Amounts due from subsidiaries (cont'd)

#### Recognition and measurement of impairment loss (cont'd)

At the reporting date, the Company assumes that there is a significant increase in credit risk given the subsidiaries financial position has deteriorated significantly which may lead to high probability of default for the loans and advances to the subsidiaries. An impairment loss of RM4,681,112 (30.6.2020: RM34,948,021) has been recognised in profit or loss as disclosed in Note 18.

#### Financial guarantees

The Company provides financial guarantees to a bank in respect of banking facilities granted to a subsidiary. The Company monitors on an ongoing basis the results of the subsidiary and repayments made by the subsidiary.

#### Exposure to credit risk, credit quality and collateral

The maximum exposure to credit risk amounts to RM29,624,895 (30.6.2020: RM27,593,071) representing the outstanding banking facilities of the subsidiary as at the end of the reporting period. The financial guarantees are provided as credit enhancements to the subsidiary's fully secured term loans.

#### Recognition and measurement of impairment loss

The Company assumes that there is a significant increase in credit risk when the subsidiary's financial position deteriorates significantly. The Company considers a financial guarantee to be credit impaired when:

- The subsidiary is unlikely to repay its credit obligation to the bank in full; or
- The subsidiary is continuously loss-making and is having a deficit in shareholders' fund.

The Company determines the probability of default of the guaranteed loans individually using internal information available. The fair value of the financial guarantees is negligible as the probability of the financial guarantees being called upon is remote at the initial recognition as the borrowings in the subsidiary are adequately secured by assets as disclosed in Note 26. Should the subsidiaries default any loan repayments, the proceeds from the realisation of assets will be able to satisfy the outstanding debts.

#### Cash and cash equivalents

The cash and cash equivalents are held with banks and financial institutions. As at the reporting date, the maximum exposure to credit risk is represented by their carrying amounts in the statements of financial position. These banks and financial institutions have low credit risks. Hence, a loss allowance is not necessary.

#### Other receivables and deposits

Expected credit loss of other receivables is determined individually after considering the financial strength of the other receivables. As at the end of the reporting period, the maximum exposure to credit risks is represented by their carrying amounts in the statements of financial position.

#### **33.** FINANCIAL INSTRUMENTS (cont'd)

#### Financial Risk Management Objectives and Policies (cont'd)

#### (a) Credit risk (cont'd)

#### Other receivables and deposits (cont'd)

Credit risk on deposits are mainly arising from deposits paid to landlords which will be received upon termination of rental arrangements and thus have low credit risks. As at the end of the reporting period, no allowance for expected credit losses is necessary in respect of deposits.

#### (b) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Group's and the Company's exposure to interest rate risk arises mainly from interest-bearing financial assets and liabilities.

The interest rate profile of the Group's and of the Company's significant interest-bearing financial instruments, based on carrying amounts as at the end of the reporting period was:

	Gro	up
	30.06.2021	30.06.2020
	RM	RM
Floating rate instruments		
Term loans	68,557,412	60,321,862
Bank overdrafts	4,042,006	9,373,451
Revolving credit		668,000
	72,599,418	70,363,313

The Group is exposed to interest rate risk through the impact of rate changes in floating rate borrowings. The interest rates of borrowings are disclosed in Note 26.

The following table details the sensitivity analysis to a reasonably possible change in the interest rates at the end of the reporting period, with all other variables held constant:

	Grou	ıp
	30.06.2021	30.06.2020
	(Increase)/	(Increase)/
	Decrease	Decrease

Effects on loss after after tax		
Increase of 100 basis points	(551,756)	(534,761)
Decrease of 100 basis points	551,756	534,761

#### (c) Foreign currency risk

Foreign currency risk is the risk that the fair value of cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates.

The Group is exposed to foreign currency risk on sales that are denominated in a currency other than functional currency of the Group. The currency giving rise to this risk is primarily United States Dollar ("USD").

#### 33. FINANCIAL INSTRUMENTS (cont'd)

#### Financial Risk Management Objectives and Policies (cont'd)

#### (c) Foreign currency risk (cont'd)

Foreign exchange exposures in transactional currency other than functional currency of the Group is kept to an acceptable level.

#### Exposure to foreign currency risk

The Group's significant exposure to foreign currency (a currency which is other than functional currency of the Group) risk, based on carrying amounts as at end of the reporting period was:

	Denominated in USD
Group 30.06.2021 Trade receivables	324,202
30.06.2020	535,644
Trade receivables	535

A 5% strengthening/weakening of the RM against the USD at the end of the reporting period would have immaterial impact on loss after tax. This assumes that all other variables remain constant.

#### (d) Liquidity risk

Liquidity risk is the risk that the Group and the Company will encounter difficulties in meeting financial obligations associated with financial liabilities. The Group's and the Company's exposure to liquidity risk arises primarily from mismatches of the maturities of financial assets and liabilities. The Group's and the Company's objective is to maintain a balance between continuity of funding and flexibility through use of stand-by credit facilities.

The Group's and the Company's liquidity risk management policy is to manage their debt maturity profile, operating cash flows and the availability of funding so as to ensure that refinancing, repayment and funding needs are met. In addition, the Group has in place the following sources of funding, to mitigate the impact on the Group's and the Company's liquidity risks caused by COVID-19 outbreak:

- (i) raising funds via private placement;
- (ii) available banking facilities which are yet to be utilised;
- (iii) managing costs and ensuring positive cash generated from hotel operations and project development; and
- (iv) restructuring of repayment of borrowings due to moratorium granted by financial institutions.

All of the Company's liabilities at the reporting date mature within one year or repayable on demand.

#### 34. FAIR VALUES INFORMATION

#### Assets and liabilities carried at fair value

The fair value measurement hierarchies used to measure non-financial assets at fair values in the statements of financial position are disclosed in Note 9(b).

There was no material transfer between Level 1, Level 2 and Level 3 during the financial year/period.

#### Financial instrument other than those carried at fair value

Financial instruments that are not carried at fair values and whose carrying amounts are reasonable approximation of fair values

The carrying amounts of the financial assets and financial liabilities maturing within the next twelve (12) months approximated their fair values due to the relatively short-term maturity of the financial instruments and the insignificant impact of discounting.

The carrying amount of long-term floating rate loans approximates their fair value as the loans will be re-priced to market interest rate on or near reporting date.

#### 35. CAPITAL COMMITMENT

The future capital commitment payable for the acquisition of freehold and leasehold lands at the reporting date but not recognised as payable is as follows: -

Group 30.06.2021 RM

#### Approved and contracted for:-

- Three parcels of vacant freehold lands	6,093,750
- Two parcels of vacant leasehold lands	1,406,250

7,500,000

#### 36. CAPITAL MANAGEMENT

The Group's objectives when managing capital is to maintain a strong capital base and safeguard the Group's ability to continue as a going concern. The Group monitors and maintains an optimal debt-to-equity ratio that complies with debt covenants and regulatory requirements.

The Group monitors capital using net debt-to-equity ratio which is the net debt divided by total equity. Net debt includes lease liabilities and borrowings, less cash and cash equivalents whilst total equity is equity attributable to Owners of the Company.

#### **36.** CAPITAL MANAGEMENT (cont'd)

The net debt-to-equity ratios at end of the reporting period are as follows: -

	Group

Total equity	41,594,522	38,038,868	
Debt-to-equity ratio (%)	173%	183%	

As the Company has no external borrowings, the debt-to-equity ratio is not presented as it does not provide a meaningful indicator of the risk of borrowings.

There were no changes in the Group's and the Company's approach to capital management during the financial year.

A subsidiary of the Group is required to maintain gearing ratio of not more than 1.75 times during the subsistence of the banking facility granted to the subsidiary. The subsidiary has complied with the externally imposed capital requirement.

#### 38. SIGNIFICANT EVENTS

#### Coronavirus (COVID-19) outbreak

The unprecedented COVID-19 pandemic created global economic uncertainty and caused severe business disruptions. Prevention measures and travel restrictions to contain the spread of COVID-19 is interfering with general activity levels within the community, the economy and the Group's operations. Uncertainty on its duration, scale and long-term impact of the pandemic could have a further impact on the Group's earnings, cash flows and financial condition of the Group.

The Group has acted swiftly to mitigate the effect of declining revenue by implementing stringent cost controls across all its operations, deferring all non-essential capital expenditure, reinforcing liquidity and maintaining sufficient banking facilities to meet its operational needs. The Group will continue to monitor the COVID-19 outbreak affecting the Group's hospitality and property development segments, including the guidelines, regulations and legislations provided by the authorities.

As at the date of this report and based on available information, the Group has assessed the ongoing impact of COVID-19 on its future financial performances, cash flows and liquidity and having considered the outcome of these assessments, the Directors have a reasonable expectation that the Group will have adequate financial resources to enable the Group to meet its obligations and to continue in operational existence for a period of at least twelve months from 30 June 2021.

#### Acquisition of lands

The Company's subsidiary, ITVR entered into two (2) Sale and Purchase Agreements ("SPA") dated 11 December 2020 with Impiana Tioman Sdn Bhd ("ITSB") ("vendor") and Impiana Hotels Berhad ("IHB") in relation to the acquisition of three (3) parcels of vacant freehold lands and two (2) parcels of vacant leasehold lands located at Mukim of Tioman for purchase considerations of RM6,093,750 and RM1,406,250 respectively to be fully satisfied by 67,708,333 and 15,625,000 of IHB's ordinary shares ("Consideration Shares").

The acquisitions of the above vacant freehold and leasehold lands located at the Mukim of Tioman was not completed as at the reporting date due to certain condition precedents pertaining to IHB's Consideration Shares have yet to be fulfilled.

#### **38. SIGNIFICANT EVENTS** (cont'd)

#### Joint development arrangement ("JDA")

A Letter of Intent ("LOI") dated 14 January 2021 was signed between IHB and Selo Holdings Pte Ltd ("SHPL") (collectively referred to as "the Parties") to outline the Parties' interest in participating in the JDA\* for the sale and development of a luxury resort consisting of villas and other facilities (the "Project") on five (5) parcels of lands in the island of Tioman (the said "Land"). The Land (ITSB is the beneficial owner) is valued at RM8 million based on latest valuation dated 30 October 2020 and is based on agricultural land status. The Company and ITSB are related parties.

The Parties further agreed that the participation in the JDA shall be on a 50:50 basis and Selo Tioman Resort Holdings Ltd ("STRHL") agrees based on the valuation of the Land of RM8 million, to pay ITVR RM4 million representing 50% of its participation in the JDA. The Parties shall form a Malaysian entity named 'Selo Tioman Resorts Sdn Bhd' or other name mutually agreed by the parties ("SPV") to undertake the JDA in respect of the Land. Upon formation of the SPV, the Parties agree that the equity holding for the SPV shall be on a 50:50 basis.

\* JDA was signed on 10 May 2021 between ITVR, ITSB, STRHL and Impiana Selo Tioman Resorts Sdn Bhd ("ISTR")

Instead of setting up the SPV entity as per above, the Company's wholly-owned subsidiary, ITVR incorporated a wholly owned subsidiary, ISTR with 2 ordinary shares of RM1 each as subscriber's shares. Subsequently, the share capital of ISTR was increased from RM2 to RM5,000 on 30 June 2021 by way of issuance of 4,998 ordinary shares. As agreed in Clause 2 of the LOI, ITVR had transferred 1,250 ordinary shares or 25% equity in ISTR to STRHL upon completion of Clause 2(a) to (c) of the LOI whereby consideration of RM2 million was received from STRHL during the current financial year. Consequently, ISTR became a 75% owned subsidiary of ITVR upon completion of the 1,250 ordinary shares or 25% equity transferred to STRHL.

A further 1,250 ordinary shares or 25% equity of ISTR shall be transferred to STRHL upon completion of Clause 2(d) of the LOI upon the Parties receiving the Land approvals for the conversion of land use and land subdivision and ISTR will then cease to be subsidiary of ITVR and become a joint venture company (50: 50 shareholding) or SPV entity as agreed in the LOI and JDA.

#### Material litigation

On 2 April 2021, the Company's wholly-owned subsidiary, IISB received sealed copy of Writ of Summons and Statement of Claim dated 4 March 2021 filed by Inland Revenue Board ("IRB") for and on behalf of the Government of Malaysia vide a suit no. WA-B51NCVC-45-03/2021 filed at the Sessions Court of Malaya at Kuala Lumpur.

Details of the claim are as follows: -

- Sum of RM788,240 (consist of RM509,248 remaining tax payable for YA 2017 and YA 2018 and additional tax penalties of RM278,992)
- Interest at the rate of 5% per annum on the sum of RM788,239.76 calculated from the date of judgment until full and final settlement;
- Costs: and
- Any other relief that the Court deems fit and just.

The IRB had accepted IISB's payment proposal to settle the tax arrears via instalment payments and on Case Management held on 15 June 2021, the Sessions Court Kuala Lumpur recorded Consent Judgment from both parties as final settlement of the matter.

#### 39. SUBSEQUENT EVENTS

#### NOTES: -

- 1. In respect of deposited securities, only members whose names appear on the Record of Depositors on 1 December 2021 (General Meeting Record of Depositors) shall be eligible to attend the meeting or appoint proxy(ies) to attend and/or vote on his behalf.
- 2. A member of the Company entitled to attend and vote at the meeting is entitled to appoint a proxy or proxies to attend and vote in his stead. A proxy may but need not be a member of the Company. There shall be no restriction as to the qualification of the proxy.
- 3. Where a member appoints more than one (1) proxy but not more than two (2) proxies, the appointments shall be invalid unless he specifies the proportions of his holdings to be represented by each proxy.
- 4. Where a member is an Exempt Authorised Nominee which holds ordinary shares in the Company for multiple beneficial owners in one securities account ("omnibus account") as defined under the Securities Industry (Central Depositories) Act, 1991, there shall be no limit to the number of proxies which the Exempt Authorised Nominee may appoint in respect of each omnibus account it holds.
- 5. The instrument appointing a proxy shall be in writing under the hand of the appointor or of his attorney duly authorised in writing or, if the appointor is a corporation, either under its Common Seal or signed by an officer or attorney so authorised.
- 6. The instrument appointing a proxy or proxies and the power of attorney or other authority (if any) under which it is signed or a notarially certified copy of such power or authority, must be deposited at the office of the Poll Administrator, Mega Corporate Services Sdn Bhd, Level 15-2, Bangunan Faber Imperial Court, Jalan Sultan Ismail, 50250 Kuala Lumpur or e-mail to AGM-support.Impiana@megacorp.com.my not less than 48 hours before the time appointed for holding the meeting or any adjournment thereof.
- 7. Pursuant to Paragraph 8.29A(1) of the Main Market Listing Requirements of Bursa Malaysia Securities Berhad, voting at the AGM of the Company will be conducted by poll. The Poll Administrator and Independent Scrutineers will be appointed respectively to conduct the polling/e-voting process and to verify the results of the poll.
